OPEN COOKING SCHOOL HERE THIS EVENING

"Each evening at our Galaxy of Foods we shall be presenting new and tested recipes in our meat spectacular, and this year we are also very proud of the baked goods which are always a favorite for any special occasion, including holiday baking," explained Miss Mary Metag, home economist and lecturer for the 33rd annual Gettysburg Times Cooking School which will open this evening at 7:30 o'clock in the Gettysburg High School auditorium.

The school again is being conducted in cooperation with the National Livestock and Meat Board Homemaker's Service Department, a service organization conducting nationwide services and projects in the fields of meat research, home economics and nutrition. The home economists who represent the Board must have earned a degree after four years of home economics training, and then have special training by the Board before presenting to the homemaker up-to-date information on the latest recipes for meat as well as the most recent findings on nutrition and meat research.

DID GRADUATE WORK

Miss Metag received her degree from Mankato State College, Mankato, Minn., and did graduate work at Colorado State University; she taught home economics at both the high school and college levels, including two years of teaching in France and Germany. She assisted at last year's cooking school here.

Miss Betty McKellin, who will serve as the assistant home economist this year, is a graduate of Wheaton College, Illinois, and has been with the Meat Board a little over a year.

Each evening the foods prepared by Miss Metag and Miss McKellin will be displayed in (Continued On Page 3)

CYCLORAMA'S STORY TOLD TO ROTARIANS

How the Paul Philippoteaux painting of Pickett's charge has been restored and renovated at the cyclorama was outlined by Walter Niekiewicz, museum preservation specialist for the National Park Service, at Monday evening's meeting of Rotary at the YWCA.

He illustrated his talk with slides taken during various stages of the process of removing the circular painting from the ring on which it had hung in the cyclorama on Baltimore St. for 46 years, repairing it, removing the thousands of wrinkles and creases, placing a new canvas backing on the painting, cleaning the painting itself and preparing it to be moved to the new cyclorama which will be part of the visitors' center being constructed at Zeigler's Grove.

The painting, 353 feet long by 32 feet high, could not be removed as one piece and so it was divided into 25 sections. To prevent loss of the painting from the canvas while the sections were being moved, a special paper was attached by a special adhesive to the front of the painting itself. Then the sections were lowered slowly, rolling them on a large drum.

READY TO MOVE

Because there was no way to heat the entire cyclorama, a workshop was constructed inside the cyclorama building and special tables erected so the sections could be laid out flat. Then began the work of using special solvents, heat, moisture and weights to remove the wrinkles from the painting. After that a new canvas was stretched across the back and attached by a special adhesive. The section was turned over and the paper which had covered the painting itself was removed, as was the adhesive, and the entire painting was cleaned. As part of that operation, some small portions that had cracked off over the years were repainted.

At present all of 25 of the sections have been renovated and restored and are now waiting re-

FIREMEN CALLED

Gettysburg firemen were called about 4:50 o'clock Monday afternoon when an explosion occurred within the furnace at the Codori House along the Emmitsburg Rd. Fire Chief Linn said the explosion apparently was of an accumulation of oil in the furnace and "it cleaned itself out," causing no fire damage.

Mercury Nosedives After Record High

After three days of 90-degree weather, the temperature took a 30-degree drop overnight to a low of 60 early this morning. Monday's high was 90 degrees.

Scattered thundershowers late Monday night and storms that swept across western Pennsylvania earlier in the evening brought strong west winds and the drop in temperatures. Only two-hundredths of an inch of rain was measured over night at the Gettysburg Times weather station.

A check of local records shows that the 93 degrees registered here Saturday afternoon set a record for that date since weather records were begun here in 1903. Only once did the mercury reach the 90-degree mark on that date and that was in 1922.

NEW OFFICERS ARE INSTALLED BY AUXILIARY

New officers of the Warner Hospital Auxiliary were installed by the retiring president, Mrs. James Allison, Monday afternoon at the annual tea and meeting held at the West St. branch of the Gettysburg National Bank.

The new officers are Mrs. David Stoner, president; Mrs. Charles Alwine, first vice president; Mrs. Elmer Yoder, second vice president; Mrs. Robert Codori, secretary; and Mrs. M. C. Jones, treasurer.

Mrs. Howard Hartzell, retiring as treasurer after six years in that post, and Mrs. LeRoy Winebrenner, Snack Bar chairman, were given a standing vote of thanks in appreciation of their services.

GIFTS OF \$5,869

Annual reports showed profits from the snack bar were \$3,573.97 during the 1960-61 year as compared to \$1,292.50 during the 1959-60 year. Profits from the Photo Babe project totaled \$930.91. The report showed 1,315 pictures of new infants taken during the year of which 1,303 were sold to the parents.

Mrs. Hartzell's report as treasurer showed the general fund had a balance of \$992.76 as of September, 1960. During the year, receipts were \$2,390.83 and disbursements \$2,892.57, leaving a balance of \$491.12. Other reports showed a profit of \$850.05 from the annual rummage sale, \$21.50 profit from the Gettysburg symphony and \$98.65 from a "white elephant" sale.

During the year the organization paid \$1,750 to purchase a new obstetrical table for the hospital, \$10.50 for Christmas trees, and \$119.37 for drapes and pledged \$4,000 toward the new sonic cleaner, a total of \$5,869.37.

TO MARK VETS' DAY ON NOV. 12

Further plans for the annual observance of Veterans Day were outlined Monday evening at a meeting of the Allied Veterans Council of Adams County at the Mason-Dixon VFW post in Littlestown.

George Weber, Fairfield Amvets, chairman of the Veterans Day program, said it was decided to hold the parade and program in the National Cemetery honoring Veterans Day on Sunday, November 12, instead of November 11 in order not to interfere with the usual Saturday afternoon traffic and business in Gettysburg.

Final plans for the Veterans Day program will be made at a meeting of Weber's committee at the Gettysburg VFW home October 4 at 8 p.m. He also announced that Post 202 of the American Legion will serve refreshments to the parade and program participants at its home on Baltimore St. following the event.

Vice Commander Raymond Miller of the Fairfield Amvets presided at the Allied Council meeting of the council will be held October 23 at 8 p.m. at the East Berlin VFW.

Refreshments were served by the Mason-Dixon VFW post. Attending were representatives of the Gettysburg and Biglerville American Legion posts, the Gettysburg, East Berlin and Littlestown VFW posts, Fairfield Amvets and McSherrystown Catholic War Veterans.

CALLS FIRE DRILL

The Gettysburg Fire Department will hold a fire drill Wednesday evening at 6:30 o'clock at the engine house, Chief Francis I. Linn, announced today. In addition to the drill, plans will be discussed for observance of Fire Prevention Week.

M. L. STARNER DIES SUDDENLY THIS MORNING

Myles Leroy Starnes, 61, Biglerville R. 1, Franklin Twp. farmer and fruitgrower, died suddenly this morning about 7:45 o'clock at his home, near Arendtsville, when a tractor he was driving ran over an embankment and upset.

Witnesses to the mishap said Mr. Starnes appeared unable to control the tractor and may have been taken suddenly ill before the accident occurred. He had been suffering from a heart condition for some time.

Dr. C. G. Crist, Adams County coroner, opened an investigation and said a postmortem examination will be made to determine the cause of death.

IN LOCAL LODGES

Mr. Starnes was a native of Adams County and a son of the late William and Ida (Comfort) Starnes. He was a member of the Gettysburg lodges of the Moose and Eagles and was unmarried. Surviving are these brothers and sisters: Mrs. Earl Cole, Cash-town; Helen Starnes, at home; Mrs. Preston Rhodes, Hagers-town; Mrs. Margaret Riggeal, Orrtanna; Charles and Fred Starnes, and Mrs. Bruce Hartman, all of Biglerville R. 2.

The Bender Funeral Home is in charge of arrangements which are not yet complete.

Charles E. Wilson, 71, Ex-GM Head, Dies; Was Ike's Defense Secretary

NORWOOD, La. (AP)—Charles Erwin Wilson, secretary of defense in the Eisenhower administration and former president of General Motors, died at his plantation home near here early today. He was 71.

Tom McKenzie, who manages the 4,000-acre plantation, said the

CHARLES E. WILSON

coroner listed the time of death about 2:30 a.m., and attributed death to a coronary thrombosis. Wilson died peacefully, apparently without any pain, McKenzie said.

Early this afternoon from his office here, General Dwight D. Eisenhower issued this statement after learning of the death of his former secretary of defense, Charles E. Wilson:

"I am profoundly shocked to learn of the death of one of America's outstanding leaders, my good friend, Charles E. Wilson.

"In his long business career, Mr. Wilson dedicated his unusual talents to the growth and progress of one of the larger corporations that have helped bring even higher standards of living to every person.

"As secretary of defense, he used his faculties of leadership to help bring even higher standards of living to every person. (Continued On Page 2)

Riegle Lists Fundamental Aims Of Public Schools

The "three most fundamental objectives of public schools" were listed this way for Gettysburg public school teachers in the first bulletin to them for the current year from Superintendent of Schools H. Edgar Riegle:

"To perpetuate our democracy, our free enterprise system, our religious heritage and our freedoms.

"To develop the individual competencies of the pupils under our care and direction to the greatest possible extent so that the perpetuation mentioned above is attainable.

"To encourage pupils to think, and solve problems, and to have definite opinions about important matters, which opinions must be based on fact rather than hearsay or propaganda."

Superintendent Riegle's message continues in the bulletin: "All other objectives of public education are very important in general or in any subject field but these objectives become (Continued On Page 5)

List Speaker For Reformation Day

Bishop Vernon Middleton, presiding bishop of the West Pennsylvania area of the Methodist Church, will be the speaker at the annual union service to be held in the Church of the Abiding Presence on Reformation Sunday, October 29.

That announcement is made in a current news letter issued by the Adams County Council of Churches. The service is sponsored by the Council through the county Ministerium.

The same news letter announces plans for another clothing appeal through all of the Protestant churches of the county at Thanksgiving time.

A call is issued for volunteer help for the Council's division of life and work in carrying on a ministry at the Warner Hospital, the county home and the county jail. Volunteers are asked to get in touch with the Rev. Amos D. Meyers, York Springs, division chairman.

World War II Vet Buried Here

Military rites were conducted at the National Cemetery here at noon for Harold F. Keiser, Lancaster, who died Friday evening at the Veterans' Hospital in Lancaster after an illness of several years.

A son of Mrs. Grace Keiser, Lancaster, and the late Samuel Keiser, he was a veteran of World War II and husband of the former Elizabeth Slonaker of Gettysburg.

Members of the Albert J. Lentz Post of the American Legion served as pallbearers while members of Post 15, Veterans of Foreign Wars, provided the firing squad for the interment services. Funeral services were held at the Sullivan Funeral Home, Lancaster, this morning preceding the interment here.

A veteran of World War II he had served with the 187th Service Unit at Camp Bueaeragard, La. Surviving in addition to his wife and mother are several brothers.

IRA Y. BAKER DIES TODAY; ILL FOUR YRS.

Ira Y. Baker, 61, well known educator who served as an assistant principal at Gettysburg High School and as superintendent of Adams County schools from 1937 to 1942, died at the Barley Convent Home in York at 4:30 o'clock this morning after an illness of four years.

A son of the late Maurice and Alverta Young Baker, the de-

ceased is survived by his widow, Ruth Hornberger Baker; one daughter, Miss Lucille S. Baker, both residing at 1619 N. George St., York; a sister, Mrs. Elizabeth Sponseller, Gettysburg R. 1, and several nephews and nieces.

Baker was educated in Adams County schools, attended Gettysburg Academy and Shippensburg State Teachers College. He received his A.B. degree from Gettysburg College in 1927 and his master's degree from the same school in 1933. He later studied at Pennsylvania State University and received another master's degree from Columbia University in 1948.

TAUGHT IN COUNTY

He was a teacher in the elementary schools in the county from 1918 to 1922 and served as high school principal at Catasauqua in Lehigh County from 1927 to 1929. In 1929 he became assistant principal at Gettysburg High School and served in that capacity until he became assistant superintendent of county schools in 1934, a position he held until his appointment to the superintendency in 1937.

In 1944 Baker became supervising principal at the Manchester, York County schools and in 1954 he was named assistant superintendent of York County schools. In 1954 he accepted the supervising principal post at Seagoville, Howard County, Md., which he held until illness forced his retirement in 1957.

SERVICES THURSDAY

The deceased was a lifelong member of the Lions Club and had served as District 14-C governor for some time. He was also a member of Zion United Church of Christ, York. He was a member of the F. and A. M. lodge in Gettysburg and the A.O.C. of M.C. in Littlestown.

Funeral services Thursday afternoon at 2 o'clock from the Little, Funeral Home, Littlestown, with his pastor, Rev. Arthur L. Grove, officiating. Burial in the Evergreen Cemetery.

Friends may call at the Little Funeral Home Wednesday evening.

"Mama And Papa Just Heard A Thud, Thud"

HOLLYWOOD (AP)—A 7-year-old St. Louis, Mo., girl, crippled with muscular dystrophy, was the star and guest of honor Monday night at one of the nicest parties ever held in Hollywood.

Jerry Lewis was host to more than 300 TV and movie names at the Coconut Grove affair.

Lewis is national chairman of the muscular dystrophy drive.

Guest of honor was Lola Lucas, a third-grader in the Missouri City, who will be poster girl for the Muscular Dystrophy Association drive for funds in November.

The cute youngster, sitting in a wheel chair at ringside, was entertained by Lewis, Connie Stevens, the Ink Spots, Donald O'Connor and others.

Lola, undaunted by the star competition, easily stole the show.

Art Linkletter, in an impromptu interview, asked her how her parents first knew she had muscular dystrophy.

"When I was nine months old," the girl answered, "my mama and papa didn't hear the pitter-patter of little feet. They just heard a thud, thud."

TELL OF VISIT TO SORORITY'S HEADQUARTERS

The Misses Nicky George and Mary Lou Kranias spoke on the international office of the Beta Sigma Phi sorority at a meeting of the Xi Alpha Chi chapter of Beta Sigma Phi sorority Monday evening at the Adams Electric Cooperative building, rear of N. Stratton St.

The Misses George and Kranias visited the office at St. Louis last month. The business offices of the organization fill 2½ stories of a downtown business building in St. Louis, they reported. A 70-member staff serves 3,000 chapters of Beta Sigma Phi internationally.

Mrs. Selmar Hess, president, who presided at the meeting, announced the chapter will send a representative to the publicity forum to be held in Mechanicsburg October 11 by the Xi Gamma Nu chapter.

CIVIL WAR PROGRAM

A \$2 donation was voted toward expenses of United Nations Day here. A leave of absence was granted Mrs. Walter Mountain Jr. It was announced that members will attend a food demonstration at the Manufacturers Light and Heat Company October 9.

The second in a series of programs on the Civil War was presented by Miss Helen Spangler and Mrs. Holbert Riley who discussed the strategic problems of the Civil War and how they were affected by the geography and politics of the two sides. Maps were shown to display the waterways, coast lines and strategic battle points of the North and South.

Refreshments were served by the hostesses, Mrs. Richard Baldwin and Miss Mae Kuhn. The next regular meeting will be held Monday, October 16, following a dinner at Earle's Inn, Gettysburg R. D.

BARN, STRAW, OTHER ITEMS LOST IN BLAZE

Lightning apparently struck and set fire to a 40-by-60 foot barn on the farm of Mr. and Mrs. Jesse Tuckey, Biglerville R. 1, about 11:20 o'clock Monday evening and caused an estimated damage of over \$12,000 to the barn and its contents.

Bendersville firemen were called to the scene about 11:30 o'clock by Mrs. Tuckey who discovered the fire, and when they arrived, they radioed for help to the Arendtsville firemen.

Tuckey said that at about 11:15 o'clock there was a loud peal of thunder and he assumed that lightning had struck something. About 10 minutes later, Mrs. Tuckey happened to glance out the window and she saw the "whole barn on fire." The barn has a tin roof and Tuckey said the flames were confined to the inside of the structure.

The barn was destroyed, Tuckey said.

More than 600 bales of straw, a lawnmower, two bicycles, a plow, crates and several other articles were also destroyed.

Tuckey said the loss "will be somewhere between \$12,000 and \$15,000."

Firemen remained on the scene until about 3:30 o'clock this morning.

Lightning about three weeks ago struck the residence of Vaughn Dunlap, Biglerville R. 1, causing several thousand dollars worth of damage. Dunlap is a nephew of the Tuckeys.

THIEF RETURNS SOME OF LOOT

The thief who stole the handbag of Mrs. John Eisenhower, daughter-in-law of the former President and Mrs. Eisenhower, while she was shopping in a Fifth Ave. shop in New York City Saturday, has returned some of the stolen articles.

Mrs. Eisenhower today received all the cards which were in the handbag, her credit cards and driver's license.

The thief also returned a Grecian coin, which had been a setting in a ring. It had been presented to Mrs. Eisenhower by a woman in Greece when the local woman accompanied then President Eisenhower to Europe. The setting had become loose and Mrs. Eisenhower placed it in her handbag rather than take a chance on having it fall out. The thief apparently did not know of the more than monetary value placed on the gift by its owner or probably feared a telltale clue if apprehended with the coin.

One of the articles which was not returned was a pearl necklace with an emerald clasp.

Lions Vote \$10 For UN Observance

Gettysburg Lions voted \$10 to the community committee planning for local observance of United Nations Week at the club's weekly dinner meeting Monday evening at the VFW home. President David Bloser presided with about 55 members present.

Dr. R. D. Wickerham, a member of the club, showed colored pictures he took on a summer trip to Hawaii, the Philippines, Japan, Formosa and Hong Kong. The pictures included one made in a U.S. military cemetery in Hawaii where William A. Beales, a former president of the local Lions, is buried. Beales was killed in Iwo Jima in 1945 by enemy artillery fire while serving with the Seabees.

When a show of hands indicated that most members of the club had never made a guided tour of the battlefield, plans were made for the Lions to take a battlefield bus trip next Monday evening before their regular dinner session.

NEW FAIR TAX GROUP MEETS

The Adams County Fair Tax Association, organized here a week ago, held a meeting at the Bermudian Springs High School building, added eight members and received information from its school tax study committee.

The association also had a letter from its speaker of last week, Dr. Paul Wueller, member of the staff of the Joint State Government Association, stating that the "general county assessment law provides that counties which, by resolution, determine not to levy an occupation tax do not have to value occupations."

Then the county association adopted a resolution calling upon counties which do not intend to levy an occupation tax not to volunteer to assess occupations for the benefit of school districts.

The school tax study committee distributed statistics prepared by the office of the county superintendent of schools showing the increase of various kinds of various kinds of school levies by districts in the county over a recent three-year period.

The place and date for the next meeting of the association were not set. In the absence of the president and vice president, Assemblyman Francis Worley presided at the meeting. The association opposes "unfair occupation taxes."

STATE ASKING BYPASS BIDS

The state Department of Highways will receive bids on two major highway projects in York and Adams Counties October 27.

One project includes a large section of the proposed four-lane limited access road between Dillsburg and York Springs, linking two modern sections of Route 15 previously constructed.

The department announced the other project will involve the first 2.5 mile part of an eventual 22-mile section of Route 15 from the Maryland state line north to York Springs which includes the bypass to be constructed east of Gettysburg.

A four-lane limited access road from Harrisburg south to the Maryland line will be provided by eventual completion of the projects.

The four-lane highway now extends from Harrisburg to a point just south of Dillsburg. A short link bypasses York Springs and spans Route 94, the Hanover-Carlisle highway.

FATHER, SON HURT IN FALL

A father and his son were reported in satisfactory condition today at the Warner Hospital where they were admitted Monday afternoon following falls of 25 feet from a roof at their home which they had been painting.

George Weaver, 54, and his son, Harold, 18, Heidlersburg, R. 4 were atop the roof about 10 o'clock and were using a ladder lying on the roof for footholds. A rope was tied to the ladder and stretched across the peak of the roof to a tree for security. The rope broke and both men slid from the roof and fell 25 feet.

George Weaver suffered a dislocated right hip, fracture of the left shoulder and lacerations of the nose. His son sustained a fracture of the left forearm and contusions of the lower lip and chest.

Both were brought to the hospital in the York Springs ambulance by Harold Miller.

Approximately 40 persons met with the Adams County commissioners Monday evening at Littlestown to appeal the occupation assessment given them. Tonight the commissioners will sit at Fairfield School from 7 to 10 o'clock to hear appeals from the occupation assessment in that area. Wednesday night the final appeal night for occupation assessments will be held from 7 to 10 o'clock at the courthouse here.

FILE DAMAGE SUIT

A trespass action has been filed with the prothonotary's office by Richard B. and Elizabeth S. Geyer, Grandview Terrace, again Frank E. Wolfe, Gardners R. D. While no complaint has been filed as yet by the attorneys for the Geyers, the law firm of Brown, Swope and MacPhail, it is understood the suit arises from an auto accident on the Biglerville Rd. near the jail in which the Wolfe and Geyer cars were involved.

Dr. McAlindon is a graduate of Detroit University and Cardinal Stritch School of Medicine, Loyola University, Chicago. He completed a surgical residency at Georgetown University and is practicing in Flint, Mich.

A fall wedding is planned.

ISSUE RULE IN OLINGER CASE

The Adams County court has handed down a rule in the equity action brought by Carrie B. Olinger, Hanover St., against Murray W. and Ruby Lee Eyer, of Maryland, requiring the Eyers to show cause why the Pennsylvania Department of Public Welfare should not be allowed to intervene in the case.

A request that the Department of Welfare be permitted to intervene to defend its own interests was filed with the court by the law firm of Brown, Swope and MacPhail on behalf of the Commonwealth. According to the petition to intervene, the Department of Welfare entered judgment against Mrs. Olinger in the amount of \$6,000 on December 12, 1956.

The petition noted that on July 5, 1946, Mrs. Olinger entered into an agreement with Mr. and Mrs. Eyer by which she transferred ownership of her property at 137-139 Hanover St. to the Eyers in return for support and maintenance.

She later brought suit in Adams County court holding the Eyers had not kept their part of the bargain. As a result July 23, 1960, the local court directed that the Eyers should reconvey the property to Mrs. Olinger and file an audit of rents, etc., received by them. On February 15, 1960, according to the petition to intervene, the Eyers filed exceptions to the decree and there has been no action in the case since that time.

Elect Officers Of Band Auxiliary

The following officers were elected at the regular monthly meeting of the Fairfield Band Auxiliary Monday evening at the high school: President, Mrs. Kenneth Sanders; vice president, Harry Kane; secretary, Mrs. Robert Newman; and treasurer, Stuart Sites Jr.

The group voted to place \$500 on interest in the bank out of a balance of \$1,184.23 in the treasury. The auxiliary will sponsor parties this season beginning November 10 with others to follow December 8, January 26, February 7 and 28, March 9 and 23 at 7:30 p.m. in the high school.

A letter of invitation to join the band auxiliary will be issued parents in the near future.

Mrs. Kermit Spence, retiring president, was in charge of the meeting.

C.E. Wilson

(Continued From Page 1)
ership to inspire, expand and streamline our military establishment. In that capacity, he was one of my most valued and trusted advisers. I join all Americans in a salute to the memory of this distinguished citizen."

A large man with a quick tongue and an even quicker smile, Wilson, many times a millionaire, often reduced his aim in life to four words — "Get along with people."

He was a genius at electrical engineering, graduating from Carnegie Tech at 19. But he made his name in the world as a manager of men.

GM HEAD 11 YEARS

Upon being named president of General Motors in January 1941, he told an interviewer: "I believed in education; I believed in work and production—to do something always fascinated me, and a very favorable time. I saw the country develop in an industrial and productive way."

Wilson ran General Motors for 11 years. Under his leadership the giant automobile company was converted into the world's biggest producer of war material.

With the coming of peace, Wilson returned the company to full-scale auto production in record time.

"ENGINE CHARLEY"

The world at large, however, knew him best during his tenure in Washington where he was known fondly as "Engine Charley."

He moved into the political arena during the Korean War. And as he took the defense job he said: "I can't promise how I'll do but I'll give it a damned good whirl."

In retirement, he maintained a small office at his son's automobile showroom. Much of his time was spent at the Louisiana plantation at Wilson, near Baton Rouge, where he died.

In 1939 he suffered a mild heart attack.

BORN IN OHIO

Since returning to private life he had pursued a pet hobby of cattle rearing and had prize-winning dairy herds both in Michigan and in the South.

Wilson was born in Minerva, Ohio, July 18, 1890, and moved to Mineral City, Ohio, when he was 4. His father was principal of the Minerva school and his mother had been a teacher.

He said he decided as a child to be an engineer of some kind, a desire which grew out of living between two railroad engineers.

FATHER OF SIX

He was graduated from high school at 15. After Carnegie Tech he became an apprentice at Westinghouse where in 1912 he designed an automobile starter motor made by that company. During World War I he was in charge of design and development for Westinghouse radio generators for the Army and Navy.

Survivors include his widow, the former Jessie Ann Curtis whom he married in 1912; and six children, three sons and three daughters.

He was an Episcopalian and a member of the Society of Automotive Engineers, the Detroit Club, the Bloomfield Country Club and the Bloomfield Open Hunt Club.

Negro Arraigned On Murder Charge

Morris Smith, 41, Gardners, was arraigned on a murder charge Monday afternoon before Justice of the Peace Robert P. Snyder and was recommended to the Adams County jail for a hearing which may be held later in the week.

Smith is expected to petition the Adams County court for bail, the usual procedure in a felony charge.

He allegedly shot his brother-in-law, James D. Collins, 50, Gardners R. 1, Friday night at the Pape Orchard labor camp. Both men are migrant Negro workers.

ARMY GENERAL EXPIRES TODAY

ASHEVILLE, N.C. (AP)—Gen. Robert L. Eichelberger, 75, commander of the U.S. 8th Army in the Pacific in World War II and former superintendent of the U.S. Military Academy at West Point, N.Y., died here early today.

Eichelberger, who guided the "amphibious 8th" through the long Philippines campaign and later commanded Allied occupation forces in Japan, was hospitalized last Friday. He underwent surgery Monday.

Eichelberger had served as secretary of the general staff of two chiefs of staff of the U.S. Army—Douglas MacArthur and Malin Craig. He was graduated from West Point in 1909.

LIZ TAYLOR SNUBS ELEVEN CONGRESSMEN

ROME (AP)—Eleven miffed U.S. congressmen, stood up by Elizabeth Taylor on a sweltering movie set, reacted unhappily today to the film star's failure to welcome them.

The congressmen, 10 Democrats and a Republican, were invited to meet Miss Taylor Monday at Rome's cinema village, Cinecittà. Miss Taylor didn't appear, although she later received three members of the group who waited until evening.

It was the first day of shooting of the twice-postponed filming of "Cleopatra."

"It was pretty disappointing," said Rep. Victor L. Anfuso, D-N.Y., in the mildest comment on Miss Taylor's failure to make an appearance.

"That's sure an understatement," commented Rep. Alfred F. Santangelo, also a New York Democrat.

While all this was going on, the public relations office handed out "Press Release No. 2."

"On their tour of the forum set the group was accompanied by Miss Taylor who left the shooting set for the specific purpose of greeting them," the release said.

Miss Taylor's husband, Eddie Fisher, was furious. "My wife knew nothing about this," he said. Three congressmen who stuck it out nearly four hours did see Miss Taylor. They were Seymour Halpern, R-N.Y.; John H. Dent, D-Pa., and Dominick V. Daniels, D-N.J.

The congressmen are in Italy as part of an official delegation celebrating the centennial of Italian unification.

FAVOR NATON OVER COMMON MARKET UNIT

LONDON (AP)—Britain told its Commonwealth partners today they come before Britain's desire to enter the European Common Market. Commonwealth Secretary Duncan Sandys hinted that he may seek an accommodation that will bring the two blocs closer together.

"We have made it clear," said Sandys, "that if we are faced with the necessity of choosing between the Commonwealth and Europe, we should unquestionably choose the Commonwealth."

The 130 delegates attending a meeting of Commonwealth parliaments applauded. Strong opposition has been expressed to Britain's application for membership in the six-nation European trading group.

Commonwealth countries fear they may have to give up their advantageous trade and tariff position in Britain. A meeting earlier this month of Commonwealth finance ministers in Accra, Ghana, issued a communique expressing fear that the Commonwealth may break up if Britain joins the common market.

The Common Market is composed of France, West Germany, Italy, Belgium, the Netherlands and Luxembourg. Now moving to unite its members in a vast trading area, it also has political overtones. Some supporters maintain that ultimately the Common Market could lead to a united Europe.

GM Plant Opens After 18 Days

PITTSBURGH (AP)—The Fisher Body plant of General Motors at nearby West Mifflin was back in operation today after an 18-day strike, but workers still have not ratified a contract.

John McCarrell, president of United Auto Workers Union Local 544, said the workers were voted back to work by the international UAW.

Employees started to return to work on the 11 p. m. shift Monday night.

The plant was one of the last five GM units to resume operations following agreement on a nationwide contract. Settlement at West Mifflin was delayed by local disputes.

PHILADELPHIA (AP)—A judge has ordered three former policemen, who were re-arrested in connection with a burglary, held under \$1,500 bail for grand jury action.

Judge Theodore L. Reimel, sitting as committing magistrate, said Monday he felt there was enough evidence to warrant grand jury consideration of the charges against Frank Shad, 45, a former acting sergeant, and Albert McNamara and Sigmund Koszowski, 35.

CYCLORAMA'S

move to the new cyclorama and hanging on the wall there. The speaker estimated the job will be completed in about six months.

"ASSEMBLY" NEXT WEEK

Nitkiewicz said the painting, when made originally in France, was 400 feet in circumference and 50 feet high. Somewhere, at some time, part of the top was removed and discarded along with a section of the painting. Painted in 1884, the cyclorama was exhibited for some time, then dismantled and placed in boxes which lay in an open field for approximately 20 years. During this period a warehouse fire damaged one section of the painting. The greatest amount of repair and repainting has been required by the section which had been damaged by the Boston fire a half century ago. About 1910 the painting was purchased and parts of it were placed on exhibit. In 1913 the painting was placed in the present cyclorama building and remained there until its removal last fall to begin the renovation of the painting. The painting was acquired by the government from private owners about a decade ago.

Vice President Clark Smith introduced the speaker.

President Dr. Richard Newsham presided at the meeting at which a discussion was held on future participation in the Gettysburg horse show. A vote on the matter will be taken in two weeks. President Newsham announced that the district governor will meet with the club next Monday evening for a "club assembly."

Sold Children To Disbarred Lawyer

CAMDEN, N.J. (AP)—A 30-year old Camden mother testified Monday that she sold three of her five children to a disbarred Philadelphia lawyer for \$85 and that he took the other two without payment.

The testimony was given by Mrs. Florence DeJesus at the opening session of the trial of Alexander Segal, 53, of Drexel Hill, Pa., who is charged with illegally placing a baby for adoption.

Segal was indicted last November, accused of selling one of Mrs. DeJesus' children to a Havertown, Pa., couple for \$1,500. A Delaware County, Pa., attorney, Max Gibbs, of Havertown, is awaiting trial on charges of conspiracy in the sale.

Name Pastor To Episcopal Office

PHILADELPHIA (AP)—The appointment of the Rev. Alfred Vail as administrative assistant to the bishops in the Episcopal diocese of Pennsylvania was announced today.

The Rev. Mr. Vail, rector of St. James Episcopal church in Downingtown, will assume some of the duties now performed by the diocese's retiring secretary, the Rev. Dr. Charles H. Long. The Rt. Rev. Oliver J. Hart, bishop of the diocese, who is attending the church's general convention in Detroit, announced the appointment through diocesan headquarters here.

Dr. Long will continue on an interim basis until the Rev. Mr. Vail can relinquish his parish duties, Bishop Hart said.

The Rev. Mr. Vail, a former Marine Corps major and one-time insurance salesman, is president of the Chester County Council of Churches. He has four children.

EPISCOPALIANS TO CHECK ON CHURCH BODY

DETROIT (AP)—Wheels were in motion today for securing one official denominational checkup on operations of the National Council of Churches.

Passed overwhelmingly by the Episcopal House of Deputies, the plan now goes before the church's House of Bishops.

At the same time the two-chamber church congress gave its full blessings to an attempt to unite a broad swath of America's organizationally divided Christianity.

ASK FOR STUDY

The final okay came when the bishops Monday approved minor amendments in the reunion-seeking project that had been tacked on by the law-clerical branch, the House of Deputies.

This cleared the way for the 3½-million member church to enter merger talks with the United Presbyterians, the Methodists, the United Church of Christ and the Polish National Catholic Church.

In a different vein, the deputies pointedly declared that the National Council does not speak for the Episcopal Church—without its specific authorization. And they called for a comprehensive study of council practices.

NO SPLIT NOW

However, they soundly rebuffed demands that their church quit the council.

They also overwhelmingly rejected efforts to block the council

MRS. KENNETH SANDERS

FAIRFIELD — Mrs. Edward Snyder has returned from McLean, Va., where she was called by the sudden death of her brother, R. T. Payne Sr., Edward Snyder and Mr. and Mrs. Donald Gilbert also attended the funeral services on Thursday.

Mr. and Mrs. Donald Ritchey have returned to Arizona after a one-month stay at their Liberty Hall farm. Their daughter, Joyce, remained at the farm.

Cub Pack 76 will not meet this month.

Mr. and Mrs. Kenneth Hartzell and children, Sandra and Brian, of Baltimore, were weekend guests of Mr. and Mrs. Earl Hartzell.

Mrs. Francis Schultz will be hostess to the Fairfield Homemakers when they meet October 4 at 8 p.m. at her home to plan the subjects for the coming season. All homemakers are invited.

Konrad Adenauer Says He'll Retire

BONN, Germany (AP)—Chancellor Konrad Adenauer announced on British television Mon-

day night that he plans to retire. But his statement made no impression on his political opponents today because he failed to say when.

The 85-year-old West German leader told a British television audience he had no intention of remaining chancellor for another four years.

"I've had enough," he said. This is nothing new. He told his Christian Democratic party recently he would relinquish his office "after a certain time" so that his successor could get used to his job before the next elections in 1965.

Government officials said Adenauer's remarks were recorded last Saturday for the program.

GRAND PRIZES

Wednesday evening a fashion show will be held as a part of the school, with that session starting at 6:45 o'clock. The final session on Thursday will open at 7:30, and the climax of that evening will be the awarding of all the grand prizes.

Sleichter Fails In Tourney Bid

Dick Sleichter, pro at the Gettysburg Country Club, finished far off the pace in the fifth annual York Open golf tournament Monday with a 37-39-76. The tournament was won by Andy Stofko of the Colonial Country Club, Harrisburg, with a seven-under-par 64.

Dr. Donald Wickerham, an amateur from the local club, turned in a 37-43-80.

Sleichter won the tournament in 1957.

FIFTY YEARS AGO

Sachs-Hartzell Home Wedding:

The lawn at the home of Mr. and Mrs. Jere T. Hartzell, near town, was the scene of an unusually pretty wedding at noon today when their daughter, Miss Nora O. Hartzell, was married to Luther I. Sachs, of Waynesboro. The lawn was prettily decorated with flowers and the guests were grouped on either side of the aisle down which the wedding party marched.

As the wedding march was played by Mrs. Harry Thomas, a sister of the bride, the flower girls, Evelyn Thomas and Miriam Hartzell, nieces of the bride, appeared at the head of the wedding party.

Local Choir To Organize: The association of Gettysburg singers, known as the Chautauqua Choir through their enjoyable work at the time of the August attraction, decided at their practice for the county Sunday School convention on Monday evening to form a permanent organization. They elected as temporary officers: L. L. Taylor, president; Mrs. Clyde B. Stover, secretary; Mark K. Eckert, pianist; I. L. Taylor, leader. An executive committee was appointed made up of the above officers and Miss Ruth Clutz, Miss Helen Rupp and Mrs. Harry Trosle.

Later, permanent officers will be chosen, a name for the organization will be selected and the permanent organization effected. It is probable that this will take the place of the defunct Gettysburg Oratorio Society but it is not the purpose of those interested in the new society to attempt any such ambitious projects as those which were taken up by their predecessors.

Children Must Attend School: Beginning on Monday, October 2, the compulsory school law will be enforced in Gettysburg. Andrew Utz, the truant officer, will then enter upon his duties and all children between the ages of eight and sixteen will be compelled to attend school regularly.

The new code is very plain and definite in the matter of compulsory attendance and gives the truant officer right to enter any building or home, where children may be, in order to arrest them on nonattendance or truancy. Anyone resisting a truant officer or refusing him admittance may be fined or imprisoned.

Hiked To Gettysburg: Hiking parties are frequent in this section and one of the most elaborate in that class was the one enjoyed by the members of the Hanover Knights of Columbus, who on Sunday walked to Gettysburg. The start was made before daybreak and the party returned on the evening train over the Western Maryland railway, well pleased with their adventure, although somewhat tired.

Take Action For Good York Pike: The mass meeting held at Hotel Gettysburg Tuesday evening to discuss the early repairing of the York pike adopted the following resolution: "Whereas the abandoned turnpike from Gettysburg to New Oxford, a distance of ten miles, which is part of the Philadelphia to Pittsburgh through pike and is the main road from the East to Gettysburg and the West, is in a very bad condition and unfit for travel, therefore,

"Be it resolved that this mass meeting of citizens of Gettysburg and vicinity interested in good roads, call upon Hon. E. M. Bigelow, commissioner of Highways for the State of Pennsylvania, to take immediate steps to improve and put in good repair this portion of the public highway, and that a committee of three be appointed to call upon him at once and present our request for relief from the existing state of affairs."

Today's Talk

PRIDE

I like proud people. Not snobbish people, but those who are proud of their heritage and their chance.

A man or woman wouldn't be much of a person who didn't have pride, who wasn't proud of his or her gifts, be they great or small, and who wasn't proud to assert himself or herself.

I like to see the boy or girl who is proud of his or her personal appearance. It indicates that he or she is going to be proud of the things he or she does and thinks.

Some years ago I passed through a tiny town—perhaps but a few hundred souls. But right near the railroad station, over a door that looked as though it was not any too long for this world, was a great sign. It was almost as big as the town and this is what it said: "Pressing Club!"

Proud people lived in that town anyway. I said to myself that it looked as though there was quite some determination in the town—pans pressed or bust! And I will warrant that many a king of finance or something has come out of that town.

People with pride about them are not too prone to hurt the feelings of others. They have too much intelligence.

And, after all, intelligence wins out in the end. The intelligent man never picks a fight with a bully. There is such a thing as "being too proud to fight." A great person can be too right to lower himself in a brawl.

The man who is personally proud takes pride in his home and in his city. He helps to make the world a better place in which to live.

But this pride must be character pride, not the selfish pride that the Bible says always goes before destruction.

LITTLE TRIALS
Save your strength for heavy crosses;
Whimper not at little losses.
Let not trifles be your master;
Save your signs for real disaster.
Trouble has the knack of downing those that are too quick at frowning.

Trouble has the knack of trying those that are too quick at sighing.
If you let the small things fret you,
If a trifle can beset you,
What will happen some tomorrow
When you're face to face with sorrow?

Of the small hurts let's be heedless;
Half the tears we shed are needless.
Many a friendship has been parted
By some word in anger spoken.
Many a family has been parted
By a feud a trifle started.

Temper is a brainless master;
He will whip us to disaster.
Any fool has words for swearing;
Lives are spoiled by too much caring.
Whimper not at little losses;
Save your strength for heavy crosses.

LUTHER LEAGUE ELECTION HELD

Election of officers took place at the meeting of the Luther League of St. John's Lutheran Church Sunday morning. Melinda Karns was elected president; Shirley Bair, vice president; James Strevig, secretary, and Patricia Myers, treasurer.

Twenty-eight members attended the meeting which opened with the Scripture reading by Karen Kerchner; topic, "What Are Mormons?" discussed by Linda Bair. Preliminary plans were made for the annual hayride for members and guests on Saturday, October 21, and the following committees were appointed: Refreshments, Mrs. George Trump, Phyllis Wallick, Betty Leister, Patricia Myers; decorations, Dwight Strevig, JoAnn Beamer and Beverly Morehead; records, David Trump, Janice King, Dale Bair and Shirley Bair. The group will meet again next Sunday at 6 p.m. with Shirley Bair as leader.

Jean Shoemaker was leader at the meeting of the Christian Endeavor Society of Christ United Church of Christ at the church on Sunday evening. Mrs. Harold E. Shoemaker accompanied the

estate of Philip D. Poist, deceased, late of Conowingo township, sold at public sale five acres of land with improvements, situated in said township to Mrs. Louisa Keagy, of the same township for \$2,170.

WESTERN PA.

BATTERED BY RAINSTORMS

By THE ASSOCIATED PRESS

PITTSBURGH (AP) — Severe winds, accompanied by heavy rains, battered sections of Pennsylvania Monday night, with the Pittsburgh and Greensburg areas receiving the brunt of the damage.

The heaviest part of the storm remained in the western end of the state. Just before midnight, however, the Harrisburg area was hit by hard rain. No damage was reported.

Only a few minor injuries were reported, but buildings, trees and wires were hit violently.

STORE DESTROYED
The wind ripped through Altman's Feed Store just outside Greensburg, destroying it and causing what firemen estimated was \$60,000 damage.

Part of the two-story concrete block and frame structure was blown across Route 119 and was tossed against a boat shop, causing more damage. A cleaning shop next to Altman's also was hit by flying debris.

So much debris, trees and wires covered Route 119 that state police had to detour traffic to other roads.

UTILITY LINES HIT
Debris littered Pittsburgh streets, too. Mayor Joseph Barr ordered out work crews to aid police in clearing the streets.

Damage to electrical wires was great. Duquesne Light Co. reported 10,000 homes were blacked out. The firm said fourteen 14,000-volt lines were knocked down.

Live wires fell across at least two occupied cars. The motorists were rescued without injury, however.

In suburban Millvale, the wind ripped the roof and part of a wall from a three-story brick warehouse.

PLANES DAMAGED
At Greater Pittsburgh Airport, a Beechcraft Bonanza airplane was torn from its moorings and hurled under a DC-6 which brought the Los Angeles Dodgers to Pittsburgh.

Lightning touched off a fire which destroyed a barn on the property of Ed Poole near Greensburg. Firemen said the blaze also destroyed 15,000 bales of hay, grain and farm implements.

In Greensburg proper, an estimated \$32,000 damage was done to three structures in the same area.

Mrs. Mary Eckford, Rockville, Md., has returned home after spending several days with Miss

group singing of "The Way of the Cross Leads Home." "Love Lifted Me" and "Near the Cross." Prayer was led by Lewis E. Bair which was followed with the scripture reading by Mrs. Donald Wolfe; the offering was then received. There was a general discussion on the topic "Broken Body, Shed Blood," by Clyde L. Sterner, Richard J. Bervager and Harold E. Shoemaker. Mary Jane Harmon, president, conducted the business and heard the report of the secretary, Dorothy Gertrick. The annual hayride was scheduled for Thursday, October 12. The society will not meet next Sunday evening due to the choir-sponsored musical for the public.

Deborah Arendz was appointed to be leader for the next regular meeting on Sunday, October 8, 7 p.m. The program concluded with the Lord's Prayer and C. E. benediction in unison.

Mr. and Mrs. Ralph Conover, Ocker Ave., have returned home from a two-week motor trip covering over 4,200 miles in 12 states as far west as Colorado. In addition they visited friends in Chicago and spent two days in Groton, S. D. Conover was at one time employed by Mr. and Mrs. Merle Walter.

Paul Hanlon, son of Mr. and Mrs. Beaven F. Hanlon, N. Queen St., has enrolled as a student at St. Mary's College, Emmitsburg.

Coach Paul Dietzel of Louisiana State University brings faith to the football field. "Before we won a National Championship, we lost six games in a row and it was only through the strength of the Lord that I could face the ensuing game, our squad or our fans," he told me. Paul let it be known the type of player he wants: "Is it a sissy to be the first guy on the practice field?...to be the most vicious tackler on the squad?...to believe in God?...If that's being a sissy, then thank God for sissies...Because sissies are the timber from which champions are fashioned."

U. S. MAY MAKE NUCLEAR TESTS IN ATMOSPHERE

By JACK BELL

WASHINGTON (AP)—American nuclear tests in the atmosphere will be necessary shortly if the Soviets fail to accept President Kennedy's new challenge to halt atmospheric shots, Sen. Henry M. Jackson, D-Wash., said today.

Jackson, who heads a Senate-Atomic Weapons subcommittee, said Kennedy was taking a calculated, but relatively minor, risk when he told the United Nations Monday this country and Great Britain are prepared to test immediately a treaty to ban testing of all kinds. The Soviets have rejected the proposed treaty.

Kennedy noted the West also had proposed to end atmospheric testing, without inspection or control, "in order to save the human race from the poison of radioactive fallout."

REDS FIRE 15
The Soviets already have fired 15 atmospheric shots since they broke the three-year moratorium on tests. The United States has set off two underground explosions.

Some fears had been expressed by administration officials that once the Soviets had completed their series of tests they would announce they were ready to ban further atmospheric detonations and thus force the United States to reject their proposal or face the possibility of falling behind in nuclear arms.

Dozes On Turnpike; Fatally Injured

PITTSBURGH (AP) — A New York State man was killed and two other persons were injured Monday night in a two-car collision on the Pennsylvania Turnpike in nearby Marshall Twp.

Edward D. Hemmes died in a New Kensington hospital of a skull fracture and multiple chest injuries.

Two occupants of the other car, Mrs. Ruby Grazan, 57, of Greensburg, and her daughter, Diane, 15, were admitted to the hospital in fair condition.

Mrs. Grazan's husband, John, 60, was not hurt. He was driving. Police said Hemmes apparently

clear weaponry. Jackson said that while it will be a long time before the results of the Soviet explosions can be assessed fully, he does not believe U.S. superiority in the field thus far has been threatened.

"But if the Russians continue these tests, we are going to have to make similar ones," he said.

Frank Fay Expires In Santa Monica

SANTA MONICA, Calif. (AP)—Frank Fay, 63, former Broadway comedian and radio star, died Monday night at St. John's Hospital.

A hospital spokesman said Fay died at 11:55 p.m. while in a coma. He said death was due to a rupture of the abdominal aorta. A doctor and a nurse were at Fay's side.

Fay was given the last rites of the Roman Catholic Church Monday.

MILLER MAY TAKE STAND

POTTSVILLE, Pa. (AP) — The Lillian Reis burglary trial resumes today with a co-defendant in the fantastic case expected to testify for the Commonwealth.

The co-defendant, Clyde (Bing) Miller, said Monday night he had been subpoenaed by the Commonwealth to testify about the 1959 burglary which police claim netted nearly a half million dollars and led to the gangland slayings of two brothers who were cooperating with authorities.

The trial had been in recess over the weekend and also Monday because of other court business.

Miller arrived in nearby Mahanoy City Monday night by train from Philadelphia to confer with Asst. Dist. Atty. Calvin J. Friedberg, the prosecutor. Also on hand was Capt. Clarence J. Ferguson, of the Philadelphia Police, who is credited with breaking the case.

Miller himself still faces trial. He is accused of giving information to Miss Reis that John B. Rich, the victim of the burglary, had a large amount of money in his safe.

Miss Reis, a 32-year-old shapely divorcee who once danced in chorus lines and later purchased her own nightclub, is charged with hiring professional burglars to crack the safe while Rich was vacationing in Europe.

Reds Have Good Chance To Clinch NL Pennant Tonight

By JIM HACKLEMAN
Associated Press Sports Writer

A wait of more than two decades may have dwindled into the final few hours for the Cincinnati Reds. Tonight could bring them their first National League pennant since 1940.

With the magic number at two, the race is at the wire. The Reds play the Cubs at Chicago this afternoon and the Los Angeles Dodgers are slated for a two-night doubleheader at Pittsburgh with last year's surprise flag winners, the Pirates.

Any combination of two—a Cincinnati win plus a Dodger defeat, or a pair of Dodger losses—would give the NL another bust-to-boom champion, and would send the Reds into the World Series against New York's home run-blasting Yankees.

IDLE MONDAY

Cincinnati was idle Monday night. The Dodgers and Pirates were rained out, setting up their two-nighter. In other NL games, the San Francisco Giants bombed the Philadelphia Phillies 10-2 with an 18-hit offensive and the Milwaukee Braves cut down the potential tying run at the plate in the ninth inning and edged the St. Louis Cardinals 2-1.

In the only American League action, Bob Shaw pitched eight no-hit innings but was rapped in the ninth as Kansas City gained a split with Detroit, 6-3. The Tigers clinched second place by winning their sixth in a row in the doubleheader opener, 6-4.

The Giants' free-swinging assault against the Phils was spearheaded by Orlando Cepeda and rookie catcher John Orsino.

HAS FOUR HITS

Cepeda, on a torrid batting streak, had four hits and drove in four runs, boosting his league-leading RBI total to 140. Orsino homered twice and singled, while Willie Mays and Felipe Alou also contributed three hits each. Left-hander Mike McCormick (13-16) was tagged for 10 hits but won in a breeze. Don Farrarse (5-11), batted out early, was the loser.

The Braves saved their narrow decision over the Cards by cutting down Ken Boyer when he tried to score on an almost-vital pitch by Don McMahon. Ray Washburn (0-1), in his first big league start, gave up a first-inning homer to Hank Aaron and balked across the deciding run in the fourth. Milwaukee starter Carl Wille (6-12) collaborated on a five-hitter with McMahon.

RALLY IN 9TH

Shaw (12-13) reached the ninth inning before his try for a no-hitter blew up. Dick McAuliffe led off the Tiger ninth and was safe on Dick Howser's wild throw, then Bubba Morton clipped the Kansas City right-hander for a solid single. An infield out, a sacrifice fly, Larry Osborne's homer and a single by Jake Wood followed before Frank House popped up for the last out.

A five-run burst in the eighth brought Detroit from behind in the opening game. Wood, pinch-batters Al Kaline and Vic Wertz, Bill Bruton and Morton knocked in the runs in the Tiger rally.

COUNTDOWN IN CHESS MEET

Pfc. William E. Slifer, son of Rev. Dr. and Mrs. Luther W. Slifer, R. 2, has been flown from his station at Ft. Sam Houston, Texas, to Washington, D. C., to participate in the second annual armed forces chess championship tournament.

Pfc. Slifer is one of 12 men chosen by their respective services to participate in the event. Of the 12 men this year two are from the European Theater, Army, and two from the Strategic Air Command, Spain. Of the 12, four represent the Army, four the Air Force and three the Navy. The twelfth man is from the Marine Corps.

The tournament is being played at the various military installations in and near Washington. It is conducted by the American Chess Federation and sanctioned by the Department of Defense.

The winner retains possession of the Thomas Emery Trophy Cup and receives \$1,000 prize money. Second prize is \$500; third, \$250; fourth, \$150, and to each of the other eight men will be given a \$100 savings bond.

Pfc. Slifer holds the Highland Park, Mich., Junior College championship cup 1957; Gettysburg College, 1960, and the southwest area Interservices Recreational Activities Centers tournament cup, 1961.

CLUB TO MEET

The monthly meeting of members of the Gettysburg baseball club of the South Penn League will be held this evening at 7:30 o'clock in the social room at the VFW home. All members are requested to be present.

RUTH TOPPED ALL IN HOMERS

NEW YORK (AP) — Roger Maris and Mickey Mantle are undoubtedly the outstanding home run hitters of 1961, but on a lifetime per at bat basis the New York Yankee sluggers are among the also-rans.

Babe Ruth, whose 60 homers, Maris will attempt to surpass during the Yanks' final five games, has 714 lifetime homers in 8,399 times at bat for an average of one home run in each 11.8 official try.

Maris, with 59 homers this year, has 156 in 2,450 total at bats for an average of one homer in every 15.7 trips. Mantle has 54 homers this season and a lifetime aggregate of 374 in 5,519 attempts for a 14.7 average.

Ralph Kiner is second to Ruth with a homer in each 14.1 times at bat. The former Pittsburgh star had 369 circuit blows in 5,205 official trips. Mantle is third followed by Ted Williams 14.8 and Jimmy Foxx 15.2. Williams had 521 circuits in 7,706 at bats and Foxx had 534 homers in 8,134 official plate appearances.

"No I didn't get tired," he said. "In fact I felt real good starting the ninth. Then I let that slider go and — bang — Morton hits it into center field. And that was the first pitch too."

YANKS LOSE CERV

NEW YORK (AP) — The New York Yankees have lost a reserve outfielder and valued pinch hitter for the world series.

Bob Cerv, who set two records last Saturday when he hit the 12th pinch-homer of his career and the Yanks 10th of the season, entered the hospital for a cartilage operation on his right knee.

SLIDER BALKS NO-HIT GAME

KANSAS CITY (AP) — "I like to throw the slider but tonight I should have left it home," says Bob Shaw.

It was a slider that Bubba Morton drilled into center field for a single in the ninth inning Monday night, ending a no-hit bid by Shaw against the Detroit Tigers.

The 28-year-old Kansas City Athletics right-hander completed the game for his 12th victory against 13 losses, but he was touched for two more hits — one a home run by Larry Osborne — before the smoke cleared.

The Athletics won 6-3 after dropping the first game of a doubleheader 6-4.

Thinks Any Team Can Win NFL Flag

PHILADELPHIA (AP) — Don Kelleit, general manager of the Baltimore Colts, says the National Football League teams "are so evenly matched" that he thinks it would be possible for a club to lose four games and still win the Conference championship.

"It will be a great surprise to me if anyone says any team can continue with victories all the way," Kelleit told Monday's kick-off luncheon of the new Touchdown Club of Philadelphia.

VET JUNIATA SQUAD GIRDS FOR BULLETS

HUNTINGDON — Juniata's football team will face a tough assignment here next Saturday when it steps out of the Middle Atlantic Conference Class to clash with Gettysburg in the opener of the 39th season.

Gettysburg, classed in the "university division," blanked the Indians 26-0 last season in a renewal of the series which started in 1923. The Bullets hold the edge 7-3.

Coach Ken Bunn has been "busier than ever" attempting to juggle personnel to find a starting combination. However, he expects to call on 10 lettermen and one up-and-coming Sophomore to open against the Bullets.

The major shift has been Grey Berrier, an outstanding guard as a Freshman, to a fullback post. Berrier, a William Penn High grad from Harrisburg, may take the starting position away from Jack Beamer, a letter-winner from Susquehanna Twp., Harrisburg.

Bill Crowell, a 180-pound Sophomore from Patton, Pa., who did not letter last season, has moved into a starting guard post to pair with Dave Oliver, McKees Rocks, a tackle last year.

In another shift, Al Tavalsky, Windber, has been "transplanted" back to an end position after starting at fullback part of last season. He will pair with Copcaptain Ray Erney, Harrisburg, at the terminals.

Ron Poruban, experienced Junior signal-caller from Portage, who no doubt get the nod at quarterback. Copcaptain Phil Rohm, York, and George Patrick, Windber, both lettermen, will start at the halfbacks.

Jim Tufano, Garden City, N. Y., and Al Zalinsky, Tyre, Pa., both letter-winners, will be back at tackle and Gaven Stoker, reserve center from Lloydell, has the pivot position clinched.

That leaves two other lettermen, Mike Kolitsky, an end from Ellwood City, and Tony Faber, back from Aliquippa, ready for plenty of reserve action with an alternate unit.

IOWA AND OLE MISS LEAD AP GRID RATINGS

By ED CORRIGAN
Associated Press Sports Writer

Iowa, which doesn't open its season until Saturday, was voted the top college football team in the country today in the first regular-season Associated Press weekly poll.

The special national panel of 49 sports writers and sportscasters gave the Hawkeyes, who tangled with California in their opener, 343 points to 332 for second-place Mississippi and 309 for third-place Ohio State, another outfit that doesn't get rolling until Saturday.

The points were based on the formula of 10 for first place, 9 for second and so on.

Iowa, which also led the preseason poll, received 19 first place votes to 12 for Mississippi and 7 for Ohio State. The Buckeyes, second to Iowa in the preseason poll, play Texas Christian in their first game Saturday.

Mississippi's smoothly contrived 16-0 victory over Arkansas in a nationally televised game last week obviously impressed the panel. Ole Miss was placed no better than ninth in the preseason poll with a mere two first-place votes.

The top 10 teams — first place votes in parentheses:

Iowa (19)
Mississippi (12)
Ohio State (7)
Alabama (6)
Syracuse
Texas (1)
Rice (2)
Penn State (2)
UCLA
Michigan State

Other teams receiving votes: Missouri, Baylor, Georgia Tech, Texas Christian, Purdue, Kansas, Florida, Maryland, Louisiana State, Duke, Minnesota, Oregon, Pitt, Kansas State, Auburn, Notre Dame, Army, Wyoming, Wisconsin, North Carolina State, Colorado, Mississippi State, Tennessee, Utah State, Furman, California.

Blue Mountain League Gives Okay To 1962-63 Cage Schedule Monday

A special meeting of the Blue Mountain Athletic Conference was held Monday evening at East Pennsboro High School at which time approval was given for the 1962-63 basketball schedule.

The schedule, which was drawn by representatives of Gettysburg, Boiling Springs and Northern High Schools, calls for a split season with the opening date on December 7, 1962.

Gettysburg's schedule follows: December 7, Newport, home; 11, Boiling Springs, away; 14, Susquehanna, home; 18, East Pennsboro, away; 21, Shippensburg, away; January 8, Camp Hill, home; 11, Big Spring, away; 15, Biglerville, home; 18, Northern, home; 22, first half playoff if needed; 25, Newport, away; 29, Boiling Springs, home; February 1, Susquehanna, away; 5, East Pennsboro, home; 8, Shippensburg, home; 12, Camp Hill, away; 15, Big Springs, home; 19, Biglerville, away; 22, Northern, away; 26, championship playoff.

Biglerville's schedule: December 7, East Pennsboro, away; 11, Camp Hill, away; 14, Boiling Springs, home; 18, Shippensburg, away; 21, Susquehanna, away; January 8, Big Spring, home; 11, Northern, home; 15, Gettysburg, away; 18, Newport, away; 22, first half playoff if needed; 25, East Pennsboro, home; 29, Camp Hill, home; February 1, Boiling Springs, away; 5, Shippensburg, home; 8, Biglerville, home.

Colts Entertain Minnesota Sunday

BALTIMORE — A Baltimore defense that yielded 24 points to Los Angeles in the first half of an opening 27-24 victory over the Rams continued to sparkle in last Sunday's 16-15 loss to Detroit.

The Lions winning on Jim Martin's 49-yard field goal in the final three minutes after they had gained possession via a costly Colts fumble. In fact, fumbles and interceptions kept the Steeds in trouble throughout the contest but the defense did a marvelous job of protecting the goal line. Unfortunately, it could not break through to block any of Martin's three field goal attempts, all of which he made good.

This Sunday the Colts' defenders will have to be prepared for another mighty effort to contain the dangerous Minnesota team in a 2:05 p.m. date at Baltimore's Memorial Stadium. The only previous meeting between the clubs was a pre-season defensive duel last month that resulted in a 13-3 Baltimore triumph. This week's scrap, however, will be for keeps and both outfits will be trying to better one-one records.

GHS PLAYS AT CHAMBERSBURG FRIDAY NIGHT

Only Bermudian Springs will be idle this week as four other county scholastic football squads begin preparations for rugged assignments again this weekend.

Bermudian is next scheduled to play at South Western on October 7 and the extra week of rest is welcomed by the Eagles to nurse the bruises sustained in last week's encounter here.

All scholastic activity will be packed into Friday night games. Gettysburg (1-2) fresh from stopping its longest losing streak in history, faces probably its most difficult assignment when it meets Chambersburg (3-0) on the Trojans' field in a South Penn Conference game.

OTHER GAMES

Biglerville (2-1) engages the Hanover High Night Hawks (1-2) on Musselman Field at Biglerville in what promises to be a ding-dong battle.

Littlestown High (1-2) defending Laurel Conference champs, takes on West York (1-2) in another league scrap on the Thunderbolts' field.

Delone Catholic (0-3) has high hopes of getting into the win column at the expense of Lancaster Catholic (1-2) in their clash at McSherrystown.

Escape Injury In Emergency Landing

GENEVA (AP) — More than 30 passengers and crewmen on a Swiss Airlines jet plane escaped injury today in an emergency landing at Geneva Airport.

The twin-jet Caravelle, bound for Zurich from London, was rerouted to Geneva because of fog. It circled for 1½ hours over the airport with its landing gear partly stuck.

Pilot Hans Kaufmann, 33, landed on the two left wheels, kept the plane level for a while, then dipped down the nose wheel and slowly it the right wing droop.

As the wing hit the concrete the plane slowly turned off the runway, made a complete circle on the grass, and stopped not far from a row of fire trucks and ambulances.

The passengers were badly shaken. The plane was only slightly damaged.

SAYS EAGLES HAVE STUFF TO BE CHAMPIONS

By LOUIS PANOS
WASHINGTON (AP) — The Philadelphia Eagles may have created some doubt among others Sunday, but they left the Washington Redskins convinced of two things:

1. The Eagles are about as good as they were last year, when they won the National Football League championship.

2. The Redskins are good enough to win some games this year.

Philadelphia Coach Nick Skorich said his team suffered a let-down and needed the breaks, including a recovered fumble to set up the winning touchdown, in its 14-7 victory over the Redskins.

JUST AS GOOD

But to a man, the Washington coaching staff agreed today the 1961 Eagles are as good as last year's championship team.

"They don't make any mistakes on defense," said head coach Bill McPeak. "Every man is where he should be all the time. They don't do anything wrong on defense and on offense they're fast."

McPeak called flanker-back Tommy McDonald "the best I've ever seen at taking a pass on the dead run." McDonald did just that Sunday, a 23-yard pass for the winning Eagle score.

McPeak and backfield coach Ted Marchbroda also praised Pete Retzlaff, who scored the first Philadelphia TD on a 52-yard hipper-dipper run after taking a Sonny Jurgensen pass near the line of scrimmage.

GOOD QUARTERBACK

"And that Jurgensen is as good as any quarterback in the league," added Marchbroda.

McPeak and his staff, as well as owner George Preston Marshall, saved some tribute for the Redskins, especially rookie quarterback Norman Snead and end Fred Dugan, who teamed up on an 80-yard pass play for the team's only score.

With a 35-3 opening game loss to the San Francisco 49ers behind them and the always tough New York Giants coming up next week, the surprising showing of the Redskins was a badly needed tonic.

The irrepressible Marshall appeared more pleased with Snad's performance of the "skins, who went into the game a three-touchdown underdog.

"Snead wasn't a bit happy," smiled Marshall, "because we didn't win."

NEED ONE GAME TO WIN TITLE

CHICAGO (AP) — The pennant-hungry Cincinnati Reds have a chance today to win their first National League title in 21 years.

The Reds need only a victory over the Chicago Cubs and a Los Angeles defeat in one of two games with the world champion Pittsburgh Pirates.

Los Angeles, the only team with any chance of overthrowing the Reds, was rained out at Pittsburgh Monday night. The Dodgers and the Pirates have rescheduled a doubleheader tonight.

Since Cincinnati's "magic number" is two, the Reds need to defeat the Cubs today to clinch a tie for the pennant. But, a Cincinnati victory and one Los Angeles loss will produce the title for Cincinnati — the first in more than two decades.

Should the Reds lose to the Cubs, they could still back into the league championship if Pittsburgh takes a pair from the fading Dodgers.

Prince Charles Gets A Haircut

LONDON (AP) — The heir has had his hair cut — which in addition to a royal once-over with the scissors — is quite a mouthful for the Cockneys, who drop their h's — would say:

"The air as ad is air cut."

Anyhow — Prince Charles, 12, son of Queen Elizabeth II and Prince Philip, returned to Cheam School today with a badly needed tonsorial job.

Said the royal barber, George Crisp: "I must say it was a little long. Needed a good trim, but now he's all set."

Charles returned to London Monday after his summer vacation with his parents at Balmoral Castle in Scotland.

When he arrived, his hair faintly resembled a Scottish sheep dog's, flopping over his ears and hanging down to his collar.

3 Get More Than \$500,000 In Gems

MONTE CARLO (AP) — Masked gunmen pulled off the largest jewel robbery of the summer on the Riviera Monday. Estimates of the loot ranged from \$500,000 to more than twice that.

Three robbers, dressed in blue jeans and wearing scarves across their chests, were seen in the morning, when most residents of the neighborhood were sleeping. They forced an elderly saleswoman, alone in the store, to lie on the floor and scooped jewels from display cases.

Long Winning Streaks At Premium In High Schools

By FRED WALTERS
HARRISBURG (AP) — Long winning streaks are at a premium now among Pennsylvania's major high schools.

Two southeastern entries hold the current mark, each with 17 wins in a row. They are Bishop Kenrick of Norristown and Clifton Heights of Delaware County. Clifton Heights opens its season this coming weekend while Kenrick is 3-0 on the season.

Contrast these 17-win strings with the start of the 1960 season when Braddock was working on its 46th straight, Johnstown and Ambler on their 22nd, Richmond Twp. on its 33rd and Northampton on its 18th.

Braddock's record string was snapped after it won its 46th. The other long-term winners didn't make it past mid-season.

Counting both big and little schools, the longest streak now current in scholastic football is the 23-game string of Wyomissing of Berks County.

ONLY EIGHT STREAKS

After three weeks of the 1961 season, only eight of the 17 teams that won all their 1960 games still have their strings alive. Besides Wyomissing, Kenrick and Clifton Heights, these are Beaver Falls, Lock Haven, Chief Logan, Washington Twp. and Trevorton.

Chestnut Ridge, Fairview, Bedford, Trafford and Bradford St. Bernard have shown in the losers' column at least once this season, while Carlisle, Conneaut Valley and Northwestern have been tied once.

The 17th team in 1960 was Beaverdale, which was swallowed in a merger with Southfork this year.

CAUM STARS AT PSU

One of the leading vote getters in the 1959 Pennsylvania All-State scholastic football team selection — Don Caum, Central Dauphin quarterback — made his collegiate varsity debut Saturday.

Caum, now at Penn State, got into the game against Navy late in the third quarter. He ran only six plays but the consensus in the press box was that he showed great promise.

In one play he helped set up the field goal by West Scranton's Don Jonas that put State in front for the first time, 13-10. Late in the fourth quarter Caum directed a four-play, 68-yard drive for State's clinching touchdown.

Caum scored it himself on a 19-yard dash, after accounting for another 46 yards on a long pass play to Gary Wydman.

WEEKEND SCHEDULE

Looking to this weekend's high school schedule:

Southeast: Phoenixville and Pottstown, who look to be the leading challengers for Conestoga's Ches-Mont crown, will tangle Saturday at Pottstown; Nesheim will attempt to get back on the winning track after Friday's 13-7 loss to Easton by taking on Allentown Allens.

Northeast: Hanover and Kingston meet in an important Wyoming Valley contest; Pottsville plays host to Sunbury in a key East Penn Southern Division game; Berwick and West Scranton, the Southern and Northern division champions a year ago, meet at West Scranton.

Mid-State: Harrisburg Harris will be host to Reading in a decisive Central Penn contest; Chief Logan will travel to Milton for a Susquehanna Conference headliner; Tyrone will try to turn a home field advantage over unbeaten Huntingdon.

Southwest: McKeesport will open its WPAL-AA campaign at Altoona; Washington will be at Uniontown in a match of two top conference squads.

Northwest: Johnstown and Kane will tangle in a battle to top small schools.

INDIA HAS EDGE AGAINST U.S.

NEW DELHI (AP) — The captain of the U.S. Davis Cup team said today America's chances look about even in the interzone tennis finals against India this weekend.

David L. Freed, nonplaying captain of the Americans, said India possibly should have a little edge because its star, Ramanathan Krishnan, is the best singles player on the two teams.

"But our average ability may be a little higher, so it works out about even," Freed told a group of sports writers.

The U.S. team is led by Chuck McKinley, 20-year-old Trinity University sophomore who lost to Australia's Rod Laver in the Wimbledon finals this year.

Other members of the American team are Whitney Reed, whom the Indians fear as an upset artist, Donald Dell and Martin Riessen.

THE GETTYSBURG TIMES

The Story Behind The Book

By MARK SCHORER

On October 23, 1920, a relatively new publishing firm in New York, Harcourt, Brace, published a novel by an author best known at that time for a series of slick and superficial magazine stories. The novel was "Main Street"; the author was Sinclair Lewis.

The first full-length critical biography of Lewis—"Sinclair Lewis: An American Life," by Mark Schorer—is the October Selection of the Book-of-the-Month Club.

"Main Street" was, in Mr. Schorer's words, "the most sensational event in twentieth-century American publishing history . . . No reader was indifferent to 'Main Street'; if it was not the most important revelation of American life ever made, it was the most infamous libel upon it. Whether or not the individual reader saw himself in the book, America in general found that a new image of itself had suddenly been thrust upon it."

Of equal significance, "Main Street" signaled the liberation of modern American literature. No longer would young writers look to and be cowed by English critics and writers; America had found her voice.

For the next 30 years, Lewis, a cantankerous, ungainly, scarred man with a thatch of unruly red hair, was America's most famous and most eagerly read writer. In a series of probing novels—"Babbalanza," "Arrowsmith," "Elmer Gantry," "Dodsworth"—he exposed the real America with all her sentimentalities, but with all her great vitality as well. He was never accounted a "great" writer, but his characters—like those of Charles Dickens—have a universality that transcends the printed page.

INFLAMMABLE TEMPER

As portrayed by Mark Schorer, Lewis was a man with an easily inflammable temper, but when the occasion moved him he was capable of great charm. He hungered for love and affection but was almost incapable of giving any himself, even to his own sons. He had to have close companionship—particularly a woman by his side—but the demands of marriage and domesticity stifled him, and when he died, he died alone in a strange and alien country.

Awarded the 1926 Pulitzer Prize for "Arrowsmith," Lewis turned it down primarily because he felt

it was impossible to call any one novel "the best of the year," and because he had doubts about the authority of the panel of judges who decided upon the award winners. Four years later he became the first American to win the Nobel Prize, and in an acceptance address before members of the Swedish Academy and their guests he shocked and infuriated half his countrymen by stating that culturally America was a backwater: "Our American professors like their literature clean and cold and pure and very dead." Other Americans, taking a more liberal view of Lewis' unpredictable temperament, were amused.

Numbered among his acquaintances were practically all the literary figures of his day—Sherwood Anderson, H. L. Menckens, W. G. Wells, Rebecca West, Willa Cather, Upton Sinclair, Theodore Dreiser. But he probably made more lasting enemies than lasting friends. "Not many men are doomed to live with such a mixture of warring qualities as he was. Consider him at any level of conduct—his domestic habits, his social behavior, his character, his thought, his art—always there is the same extraordinary contradiction.

GREGARIOUS, LONELY

"Sloppy and compulsively tidy, absurdly gregarious and lonely, quick in enthusiasms and swiftly bored, extravagant and persimmoned, a dude and a bumpkin, a wit and a bore, given to extremes of gaiety and gloom, equally possessed of a talent for the most intensive concentration and for the maddest disavowal of energy; sweet of temper and virtuous, tolerant and abruptly intolerant, generous and selfish, kind and cruel, a great patron and a small tyrant, disliking women even when he thought he most loved them, profane and a puritan, libertine and prude, plagued by self-doubt as he was eaten by arrogance; rebel and conservative, polemicist and escapist, respectful of intellect and suspicious of intellectual pursuits, loving novelty and hating experiment, pathetically trusting in 'culture' and narrowly deriding 'art'; cosmopolitan and chauvinist, sentimental and satirist, romanticist and realist, blessed—or damned—with an extraordinary verbal skill and no style . . . all these qualities existed together and simultaneously in him, and in their infinite, interacting combinations there must have been not two but six or eight or ten or 200 selves and because they could never be one, a large hole in the center."

Mark Schorer's biography of this strange and enigmatic genius not only gives a wonderful picture of both the man and his time but provides the full story of a remarkable renaissance in American literature as well.

Like "Red" Lewis, Mark Schorer is a Midwesterner. He was born in Sauk City, Wisconsin, not many miles from Lewis' native town of Sauk Centre, Minn. Novelist and critic, Mr. Schorer is now chairman of the Department of English at the University of California, Berkeley.

MANY CIVILIAN BENEFITS ARE TURNED UP BY U. S. RESEARCH

By SAM DAWSON

NEW YORK (AP)—A complete meal instantly prepared by the housewife as easily as a cup of coffee—thanks to the Army. Perishable food preserved without refrigeration—thanks to the Army.

A low-cost helicopter for businessmen, a pill to swallow that will make mosquitoes fly away from you, a quality radio the size of a fountain pen for tomorrow's teen-agers.

All these future goodies and more are promised to consumers—presumably taxpayers all—as an extra dividend for the money being poured into research programs primarily aimed at military defense of the nation from its enemies.

MANY CIVILIAN BENEFITS

Six generals and two colonels have presented these wonders at a meeting of the Aviation-Space Writers' Association as a reminder to taxpayers that civilians also frequently benefit from the research tied to the defense program, now in the process of being expanded.

A classic example is the aerosol bomb, originally developed to spray insecticides during World War II in the South Pacific, and now used for a long list of civilian goods from shaving soap to whipped cream.

Another is the millions of dollars poured into the development of military jet transports which made economically feasible the jet airliners civilians use today.

Civilian benefits still to come include many other wonders.

New plastic tubing developed by

the Army Medical Corps can replace torn arteries in arms and legs. Heretofore it has been used only in the trunk of the body. Military scientists also are working on an oral drug to combat malaria and nitrogen-mustard treatment of cancer.

Brig. Gen. Clifton F. von Kann, director of Army aviation, says that because the Army will need more than 3,500 turbine-powered, four-passenger helicopters, the mass production methods should mean that by 1964 civilians can get one for less than \$25,000. Businessmen can use them, or they can be used as air taxis, commuter transports or for farm chores.

Maj. Gen. William D. Hamlin of the Army Signal Training Command, says he has seen research models of high quality radio receivers as small as fountain pens. Small TV and radio sets may come from use of tiny electronic micromodules one-tenth the size of present day miniaturized circuits.

ON MILITARY RESEARCH

A complete dehydrated meal, ready to eat after being mixed with hot water, is being developed by the Army's Quartermaster Corps. And Brig. Gen. Merrill L. Tribe of the QM Research and Engineering Command, says they are studying a method of preserving perishable food without refrigeration.

The oral insect repellent under development by the Medical Corps is guaranteed to offend only mosquitoes and such and to go unnoticed by other humans—this on the word of Col. Colin Vorder Bruegge of the Army Medical and Research Command.

Don't get the idea all those millions of tax dollars are being voted with just civilian comfort in mind. They're being spent for military research into electronics, chemistry, medicine, aviation, meteorology and transportation.

But you never know when some of the research will come up with things that civilians can use, too

TO TAKE STRIP MINE ISSUE TO VOTERS IN '62

HARRISBURG (AP)—The Pennsylvania Federation of Sportsmen's Clubs plans to make a 1962 political issue out of the 1961 legislature's handling of controversial strip mine legislation.

The federation's legislative representative, John Laudadio, made this clear at the windup of the organization's fall convention here over the weekend.

"We will take the strip mine fight into every corner of Pennsylvania next year and then into the 1963 session of the legislature, hoping that representatives will be elected who pledge their support for strong strip mine regulations," Laudadio told convention delegates.

TOUGH VERSION FAILED

He said the federation would campaign against legislators who opposed the legislation and who might seek re-election next year.

A compromise bill to strengthen the regulations was passed after months of maneuvering in the General Assembly. It was signed into law by Gov. Lawrence.

A tougher version—backed by the Lawrence administration—cleared the House but ran into trouble in the Senate.

CALLED INADEQUATE

After many weeks, the administration and lawmakers backing the original version helped draft a compromise in order to get some kind of control bill through the assembly.

Laudadio said the one passed was inadequate as far as the federation's interests in promoting

—like that wartime aerosol device now used to spray hair set on the blondes and redheads and brunettes you know.

conservation were concerned.

He distributed a tally of how each legislator voted on the issue at the convention session.

OTHER ACTIONS

In other convention action, the sportsmen:

Voted unanimously to reaffirm their opposition to any proposed consolidation of the Game and Fish Commissions. (There has been some talk in the legislature of such a consolidation.)

Decided to ask the legislature to establish a uniform licensing procedure in doe seasons.

Urged the State Highways Department to control the use of chemicals for killing weeds along roads. The chemicals sometimes prove injurious to wild life, the sportsmen said.

Went on record as favoring 16 years as the minimum age for a person to be eligible for a fishing license (There has been talk of reducing the minimum below that to increase sagging license sales).

SELECT OFFICERS

Decided to publish a new federation magazine, "The Pennsylvania Sportsman," on a trial basis.

Everett G. Henderson of Exton was re-elected president.

Others re-elected were: Dr. Alvin R. Grove, State College, first vice president; Henry E. Warner Marion, Franklin County, second vice president; C. Paul Blair, Sharon, recording secretary; C. D. Palmer, Lake City, treasurer; Seth L. Myers, Sharon, national wild life delegate; James G. Sheffer, Montoursville, alternate delegate, and Oscar Becker, West Reading, honorary president.

In the only election where there was a contest, Thomas Levering of Williamsport was elected corresponding secretary.

TRAIN DERAILS, 20 ARE INJURED

BAY, Ark. (AP) — A freight train derailed and slammed into a passenger train parked on a siding Sunday night, injuring at least 20 persons.

There were no deaths reported, but attendants at a Jonesboro, Ark., hospital where the injured were taken said at least five of them were critical.

Thurman Adam, a porter, said a hotbox caused a wheel to fly off one of the freight cars as the freight rumbled by the motionless passenger train.

Adam said in the chain reaction that followed about 20 of the freight's 8 cars left the tracks. Some piled atop the overturned passenger train. The engine of the passenger train was knocked into a nearby cotton field.

Frisco officials said the passenger train had been switched to a siding to allow the freight to pass. They said the freight had slowed to about 15 miles an hour.

The passenger train's single coach was carrying about 35 persons, most of them Frisco employees on their way to work at a railroad yard construction site. The train was en route from Springfield, Mo., to Memphis, Tenn.

Mountain Climbers Fall To Death

SEATTLE (AP) — Two young mountain climbers fell 300 feet to their deaths Saturday in the Cascade range.

Killed were Linda Cartwright, 24, and Ed Goodman, 28, both of Seattle, who were climbing Guye Peak, just north of Snoqualmie

CBS AND NBC BATTLING FOR NEW VIEWERS

By CYNTHIA LOWRY

AP TV-Radio Writer

NEW YORK (AP) — The big television battle of the season — CBS-NBC fight for the Saturday night audiences—has started.

CBS still has its hopes pinned on the two quick-draw heroes of the glamorous Old West, Marshal Dillon and Paladin, the ratings champs of the past five or six seasons.

On Saturday night, underdog NBC moved its most important but untried weapon into the late evening lineup, the first of a series of full-length feature movies with big star names. The first two-hour film was a 1953 comedy, "How to Succeed in Business Without Really Trying," and the most important thing about the show was that Marilyn Monroe was in it.

TO REVISE PROGRAM

Next weekend the earlier part of NBC's evening will be revised, with the new, expanded hour-long "Tales of Wells Fargo" opening the evening, followed by another Western, "The Tall Man." The idea, obviously, is to give the Western fans their chance to fill

Pass, with Janet H. MacDonald, 36, and Brian Marts, 18, also of Seattle.

Marts and Mrs. MacDonald said a rock apparently gave way as Mrs. Cartwright stepped on it. Goodman was climbing behind her.

COME BACK AGAIN FOR NATIONWIDE CAR INSURANCE

Every 6 months, when our 2½ million car insurance policies come up for renewal 90% of our customers decide to continue their coverage with Nationwide. What are the reasons for such amazing customer satisfaction? We surveyed our customers, found these reasons. **1.** Our coverage is generally broader than most plans on the market. **Not a single person in our survey said he was unhappy with Nationwide protection.** **2.** The vast majority of our customers are satisfied with our "fast, fair, friendly claims service." Here's why: **more than half of all our claims are paid within 24 hours after we receive proof of loss.** **3.** Our rates are generally lower than those of most other companies. **Our survey definitely proved that Nationwide is "competitive from a price standpoint."** Try it for your car. This demonstration glass carburetor offers proof . . . deposits cannot build up while you are using Atlantic Imperial Gasoline in your car. In fact, deposits formed on this carburetor with another gasoline were actually washed harmlessly away by Imperial.

ATLANTIC IMPERIAL® GASOLINE CLEANS YOUR CARBURETOR AS YOU DRIVE

As you drive, Atlantic Imperial dissolves the harmful dirt deposits that build up along the lower carburetor walls and washes them harmlessly away.

If these deposits were to remain, they could cause rough idling, frequent stalling and actual gasoline waste. And

Atlantic Imperial not only does away with deposits already formed, but also, with continued use, prevents new deposits from building up.

Test this great gasoline in your car. Use Atlantic Imperial regularly for 100 gallons. Have your Atlantic Dealer give

you a receipt for each purchase. If you're not satisfied that Imperial has improved your car's performance, just return the receipts to The Atlantic Refining Company. We will refund the average difference in cost between 100 gallons of Atlantic Imperial and regular gasoline.

Caron has chosen to resign his position with the Forest Service.

Mr. President, it is incomprehensible to me why this man must be faced with the choice of either discontinuing his anti-Communist activities or giving up a government job which he has held for 15 years. Why can he not continue both?

The directive which forced Mr. Caron's resignation states:

"The editorials reflect a zealous and almost fanatical patriotism, and an active effort to awake the public to the danger of communism."

How this could be the basis for terminating the employment of a person whose performance as district ranger was termed by his immediate superior "very good" remains a mystery. It seems to me that Mr. Caron can justifiably be accused only of being a patriotic American, dedicated to fighting the menace of communism, who is willing, as the article relates, to devote his off-time hours to preparing articles in an effort to awaken his fellow citizens to the menace of communism. If this action is tolerated, the jobs and the livelihood of many other patriotic Americans are in jeopardy also.

3. Never give him any spiritual training until he is 21 and then let him decide for himself. By the same logic, never teach him the English language. Maybe when he is old enough he may want to speak Bantu.

Mr. Businessman: You Can Telephone To
Chicago For Less Than
It Costs For A Letter!

Hard to believe? It's a fact!

Even the most conservative estimates agree it will cost you \$1.83 to dictate and type the average letter (plus 4¢ postage).

—Yet you can telephone to Chicago for only \$1.35 for three minutes, station-to-station . . . even less after 6:00 P.M. weekdays and all day Sunday. And you'll have the equivalent of a face to face conversation. You can offer, and get acceptance immediately . . . you can order, and get confirmation right away . . . you can sell, and get your order immediately!

You'll get your answer 259,200 times more quickly, too! Because it takes less than one second to hear that "Yes!" by telephone . . . and it will take at least 259,200 seconds (3 days) for your letter to go to Chicago and your answer to return.

You save time, and money, when you "pick up your phone and call!"

Home Sewing Is Profitable Through Extension Courses

By MRS. HELEN D. TUNISON
Extension Home Economist

Making clothes for yourself and for your family is one way to get a stylish wardrobe on an economy budget. But before you can turn out quality garments, you need to know the basic principles of clothing construction.

MRS. TUNISON

You can learn clothing construction methods by taking a correspondence course offered by the Pennsylvania State University. The course describes how to choose becoming colors and styles, how to take measurements for pattern size, how to make pattern alterations and how to cut pattern pieces on the grainline of the fabric.

As you make a cotton dress, you solve the problems of making bound button holes, putting in a zipper, finishing seams and putting in a hem. When completed, you may send the dress to the correspondence course's office for comments and suggestions.

You can obtain the entire sewing home study course for \$1.75 from Correspondence Courses, 202 Agricultural Education Building, University Park, Pa. Make your check or money order payable to the Pennsylvania State University. All mailing charges

are prepaid.

LIGHT, WARM FABRICS

Polyurethane foam laminated to the outer fabric is a trend in outer wearing apparel.

Lightweight wool jersey fabrics have been used. However, blended knits, woven woolens, orlon bulked fabrics, corduroy and velvet are now being insulated with polyurethane foam.

Laminated outerwear gives warmth without weight or bulk and resists wrinkling. The lightweight insulation is designed to extend the life of the garment. If the fabric has been treated for water repellency, the garment won't "wet down" in rainy weather.

One disadvantage of laminated garments is that faulty stitching may cut and tear the foam. Another difficulty is that outer fabrics, unless treated for shrinkage control, shrink when they get wet. The foam does not shrink.

Before buying a laminated topcoat, sports jacket, or snowsuit, read the label carefully. The label should give information on shrinkage and water repellency of the outer fabric, and cleaning and care of the foam laminated fabric. Some foam laminated fabrics may be washed, others require drycleaning.

thetic leather handbags for every occasion.

For dressy daytime costumes, smooth and grain leather bags will add a slender and streamlined touch. Many bags will have suede or reptile trim for an extra fashion dimension.

Casual costumes call for totes, satchels and pouches, again in

large but not bulky proportions. Grained, brushed, and smooth leathers add a simple but smart note to suits and separates. Decoration is subdued, even on casual bags, except in teen-age fashions.

Evening bags are one exception to the large handbag trend. Clutches in suede leather

are feminine and petite, though slightly roomier than in previous seasons. Jewel tones and metallic leathers dress up some formal bags, while tiny bursts of jewels and brilliants relieve the simplicity of others. Oval shapes and semicircle bags are reserved for evening wear.

Proportioned clothing in ready-

to-wear answers some real needs of American families. We are going to talk about women's figure types and proportioned clothing.

First, let us consider what is meant by the term figure type. The bony framework differs in size of bones in relation to figure height. The frame may be delicate or heavy. Differences in the lengths and widths of the head, neck, torso, and limbs accounts for the basic elements of planning for proportioned clothing. The analysis of the body to define the location and measurements of bust, waist and hips in relation to the contours developed through the distribution of flesh and fatty deposits on the form is extremely important in securing well-fitted clothing.

When you know accurate body measurements and recognize the individual figure contours in the slope of the shoulders, the length of bodice from back neck bone to normal waistline and the hip measurements as well as the height of the person, then you may use this information to find your own figure type classification. The adult women's figure type classifications are for women of all ages.

6 FIGURE TYPES

There are six figure types for women.

Junior figure type — is planned for sizes 5-17 for those persons five feet four inches tall, and who are short-waisted.

Misses figure type — is planned for sizes 6-20 for those persons five feet five inches tall with slim to medium-full figures and normal to

long waistlines.

Petite figure type — is planned for sizes 8-20 and is also called "diminutive." This is for short, slim women under five feet five inches tall. It is estimated that 78 per cent of the American women belong to this group.

Tall figure type — sizes 8-20 is for those five feet nine inches and taller.

Woman's figure type is broken down into two classifications for five feet five inches to five feet nine inches tall with large proportions in size range from 18-44.

Women's figure type in sizes 46-52 for same height figure, with more room through shoulders, back and waist than in the large misses figure type.

LENGTHS VARY

Half-size figure type-size 12½ to 26½ is planned for the heavier, shortwaisted figure under five feet five inches in height. The half-size figure is considered a grown-up junior. Today half-sizes far out-sell regular women's sizes in clothing.

Proportioned clothing is made by a few companies who indicate special clothing available in specified sizes for the short, the average and the tall figure in a given size. For example three women may have exact measurements of bust, waist and hip, but their length requirements are different.

A short size 12 is indicated by the size 12 S.

A regular size 12 for normal

height figure is indicated by size

12 R. A tall size 12 is indicated

by the size 12 T.

Brookshier Snuffers Blood Clot In Leg

PHILADELPHIA (AP) — Tom Brookshier, the Philadelphia Eagles star defensive back, is a doubtful starter Sunday against the St. Louis Cardinals because of an injury.

But fullback Clarence Peaks, who was sidelined last Sunday with an injured elbow in the Eagles' 14-7 victory over Washington, is expected to be ready to start against the Cardinals.

Brookshier was hospitalized Sunday night with a blood clot apparently suffered in the Washington game. He had been having trouble with his right leg.

An Eagles' spokesman said he would be released from the hospital today or Wednesday but would be a doubtful starter.

Six Pennsylvanians Assigned In 'Corps'

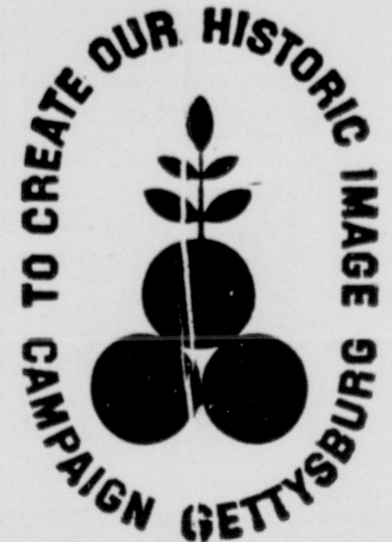

WASHINGTON (AP) — Six Pennsylvanians, who completed their training recently at Pennsylvania State University for Peace Corps duty, will leave San Francisco Oct. 10 for assignment to the Philippines as teachers' aides.

They are Carol Ann Byrnes, Duquesne; Elaine E. Gilvear, Philadelphia; Max Klass, Allentown; Patricia Anne Lutz, Huntingdon; Eleanor L. Whitlatch, Carnegie; and Donald D. Zelinski, Glenoiden.

ADVANCED THRUST

Moves power forward for arrow-straight going

It puts the engine ahead like the tip of an arrow • It tames "wind wander" and road sway • It sweeps you forward in a hush of luxury • It turns the floor hump into foot space.

WHAT IT IS—Buick's big new move: It positions the great new Wildcat V-8 and Turbine Drive way up front over Buick's front wheels.

WHAT IT DOES—As the engine went forward, the floor hump went DOWN. And, the forward weight makes wheel response far quicker, cornering far surer, ride far smoother.

WHY YOU'LL LOVE IT—It's the closest you can come to sports car handling in a passenger car. Distances shrink before its ¾-G thrust. Hills disappear. Lean on curves is gone because the frame's gone wider. Winds don't make you wander. It's going at its Buick best!

Let's Look At The Record

FAT BOOKS

Shirer's "Rise And Fall" Breaking Records
Book Deserves Meditative Reading

Let's Look at the Record
By JIM DAN HILL, Ph.D.
President, Wisconsin State
College, Superior

IT IS HARD TO GUESS what a really thick book will do. James Michener's historical novel, "Hawaii," is not exactly thin. Yet it has been on the best seller lists, usually at the top of fiction titles, each and every week for almost two years. It was partly to be expected. Michener has an enviable reputation for telling interesting and informative stories.

But no one had ever heard of Margaret Mitchell until her thickly formidable "Gone with the Wind" sold in hundreds of thousands and enthralled millions to the last page. After more than 20 years it still enjoys popularity.

The shortly prior success of Hervey Allen's "Anthony Adverse," a 1,300-page monster that could take care of a family's entire fiction reading for a year, is said to have encouraged Miss Mitchell's publisher. Otherwise, he would have required a condensation of that wind driven romance.

BUT WILLIAM L. Shirer's "Rise and Fall of the Third Reich"

most surprising heavyweight of them all. It has 1,143 pages of unvarnished, factual, narrative text. The price tag, \$10.00, is even more formidable to many buyers. Even so, it has been number one on the New York Times nonfiction list for the past several months. As yet there is no sign of slippage toward the bottom and thence to the discount shelves, and abridged, paper-back editions.

A FRIEND, who swallowed hard at 10 bucks for a history book, put his name on the public library's waiting list. When his turn came the checkout was for a week only and no renewal.

He stoutly accepted the overdue penalties in a frantic effort to cover the 1,143 pages. But the librarian sent a taxi for the tome while he was at work. Worse yet, his library card was suspended until he paid the freight as well as the fine. Because of this jolt to his literary budget, he has lost hope of finishing "The Rise and Fall," — unless I lend him my copy, that is!

THE FRIEND'S unhappy inability to read the book within a

week did arouse my curiosity as to those who had bought the book but had not read each and every page. The percentage seemed surprisingly high. Apparently many owners quickly discovered the excellent index and have contented themselves with reading this or that section to recall a half remembered event, or to satisfy their reading tastes of the moment.

Shirer's "Rise and Fall of the Third Reich" deserves a consecutive reading from page one to the end, just as though it were a novel. It is a rewarding and highly entertaining experience.

THAT A PAIR of clowns like Hitler and Mussolini, endowed with no more than hypnotic forensics, gangster ethics and ruthless personal ambitions, could create and exercise such completely despotic tyrannies over so many millions of presumably intelligent people is a story that remains unbelievable even to millions of Americans who lived through the era.

Mr. Shirer's patient narrative of how Hitler, with no more than the above mentioned dubious talents, manipulated the forces of cause and effect until he had at last reduced his fellow clown to a doddering puppet is a most convincing and factual interpretation of the Third Reich.

MOREOVER, because the true story provides its own plots of double crosses, conspiracies and

counter conspiracies with ever increasing villainies, it inevitably moves to a natural climax, just as does a well designed novel. Hence it is a book that must be read for its interlocking continuity rather than being placed on the shelf as a handy reference work.

The true climax comes when top level conspirators decided Hitler had to die. Their failures and his good fortune threw them into indecisive, soul searching, out of which they compounded greater errors. But long ere this, the discerning reader is wondering why President Roosevelt did not repeat the Wilsonian policy of appealing directly to the German people to throw down their own tyranny rather than his clinging to the follies of a vindictive, unconditional surrender.

THUS, "The Rise and Fall of the Third Reich" is not only entertaining, it is thought provoking. For the latter reason it should not be read with the speed and zest with which one normally hastens through a "Gone with the Wind" or an "Anthony Adverse." A veteran, fiction aficionado could do the latter, far more though it is, in three long evenings. For Mr. Shirer's massive, but enthralling history, 60 pages an evening for three weeks is not too slow.

It levies no city taxes and never has.

Mayor Roy Jarvis explains that he, the six city councilmen, the city recorder and the members of the volunteer fire department all work without pay.

"We pay only one salary," Jarvis says, "Our garbage collector."

Additional expenditures total about \$700 a month, he says, but "we manage to get along and even save a little on what we get from the state gasoline tax, sales tax and so on."

"We've just about paid a \$14,000 bonded indebtedness and have never levied any taxes."

Eunice Johns was 9-year-old Eunice Winstead when she married 22-year-old Charlie Johns in 1937 in a wedding that touched off a national uproar. The Johnses, who have seven children, still live on a farm near here.

The secret of happy marriage is simple: Just keep on being as polite to each other as you are to your best friends.

WOMEN MEDICS ARE ACCEPTED

ROCHESTER, N. Y. (AP) — Women usually are accepted on a par with men in the medical profession, a group of women doctors agree.

"I've never felt anyone made it tough for me because I'm a woman," said Dr. Ruth A. Lawrence of Rochester, a pediatrician. "However, sometimes clinic patients will say, after I've examined them, 'Now, when is the doctor coming?'"

Dr. Lois J. Plummer of Buffalo said children accept the idea of a woman doctor better than adults "because they haven't any pre-conceived idea of a doctor being a man. And, too, they are used to their mothers."

A Rochester obstetrician, Dr. Mary Jane Bird, said most of her patients don't seem to care whether their doctor is a man or a woman. "In obstetrics, especially, you may find a few who prefer a woman doctor."

The biggest problem for a woman, says Dr. Ruth E. Wainer

Mackerel Strikes At Wrong Bait

ST. LOUIS (AP) — Larry Totsch, police dispatcher in suburban Overland, draws raised eyebrows when he tells it but he claims this fish story is true:

Larry was vacationing this summer with his brother, Chester, who lives in Foley, Ala.

While deep-sea fishing, a woman on the boat hooked a 35-pound mackerel. It struggled so fiercely that she moved to hand the line to one of the men and it wrapped around Chester's head.

His hearing aid was knocked into the sea and, as it hit the water, another mackerel snapped it up.

The Mobile Hearing Aid Center has posted a \$25 reward for anyone catching a mackerel with a hearing aid inside it.

Creamed vegetables take to a topping of crumbs made from cheese crackers; brown under the broiler.

Schwartz of Rochester, is getting into medical school.

"The likelihood of a man sticking with it and being more productive in his career is better than a woman's. So, if a man and a woman of equal abilities applied, the tendency would be for them to choose the man — and I can't blame them."

The women gave their views at a meeting of the Women's Medical Society of New York State.

GOOD 'N QUICK SALAD IDEA DELICIOUS WITH PRUNES

Today's new California Prunes have a bright new taste. They're soft and succulent...a far cry from the prunes you may remember from your childhood. And they're good for you — which is nice in a fruit that now is so delicious to eat. Try this simple salad...discover the new tender taste of the California Wonder-Fruit.

EBONY ROSE SALAD

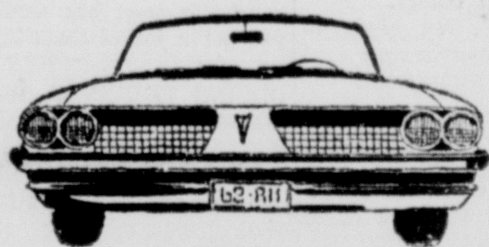

Place a mound of cottage cheese on a bed of lettuce. Form a rose of prunes at the top of a stem of green pepper. Make leaves out of mandarin slices and garnish with berries, maraschino cherries or any fruits in season.

NEW MOVIE IS ONE OF BEST, VERY COSTLY

By BOB THOMAS
HOLLYWOOD (AP) — For the superlative-minded, "West Side Story" is the most expensive musical film ever made. It's also one of the best.

How can the brothers Mirisch spend \$6 million on a musical? Especially one with a single expensive star—Natalie Wood at \$250,000?

Take a high-priced stage property. Add a year's preparation with top talent—\$250,000 on screen tests alone. Rehearse for three months. Shoot for half a year. Do it in color, stereo sound and 70mm film. The bill mounts.

WORTH THE CHANCE

Profit or no, the film version was worth the chance. There has never been greater dancing on the screen. Number after number stirred Hollywood previewers to applause.

The theme seems forbidding for a musical. It is the story of a power clash between a native New York City gang and another of Puerto Rican newcomers. Two lovers, one from each side, are caught in the middle.

"West Side Story" is really a dance opera. The powerful dances of Jerome Robbins and the highly charged music of Leonard Bernstein are perfect for the milling and rumbling of the New York gangs.

But the device has its drawbacks, especially in dramatic moments. When the brother and sweetheart of the leading actress is killed, the girls break into a duet. Credibility is strained.

Otherwise you're with the warring Jets and Sharks all the way, fascinated with their animal energy and appalled by their violence. Robert Wise, as producer and co-director, has done a fine job of holding the story together.

"West Side Story" is a star-making film. Natalie Wood, disappointing as Marjorie Morningstar, comes through as a top dramatic actress. Richard Beymer is her ill-starred lover; he's engaging and effective. He'll be around for a long time.

MORENO DOES BEST

Russ Tamblyn is tough and gymnastic, and Rita Moreno does her best work to date. George Chakiris, leader of the Puerto Rican gang, is a real find. He's got star quality.

The film has one jarring note. The law is represented by a gorilla-like cop and a detective who is brutal and bigoted. This adds nothing to the plot and only underlines the gangs' belief the law is worthy of contempt.

A Lovelier You

By MARY SUE MILLER

THE 1961 LOVELY. Have you ever stopped to think how women change their shape and posture with changing fashions? You get the picture when you compare the Gibson Girl, the Flapper and a 1961 Lovely.

The better to wear the curvaceous silhouette of her times, the Gibson Girl cultivated a buxom build and a curlicue stance. All curves fore and aft was she. But the Flapper, born of boyish-form clothes, worked for and won a lean body and a lanky slouch.

The 1961 Lovely meets the demands of our fluid, yet body-conscious fashions, with trim proportions. She moves with a graceful, unstudied air. Or that is, she should. Today's fashions are lost for want of today's ideal shape and carriage.

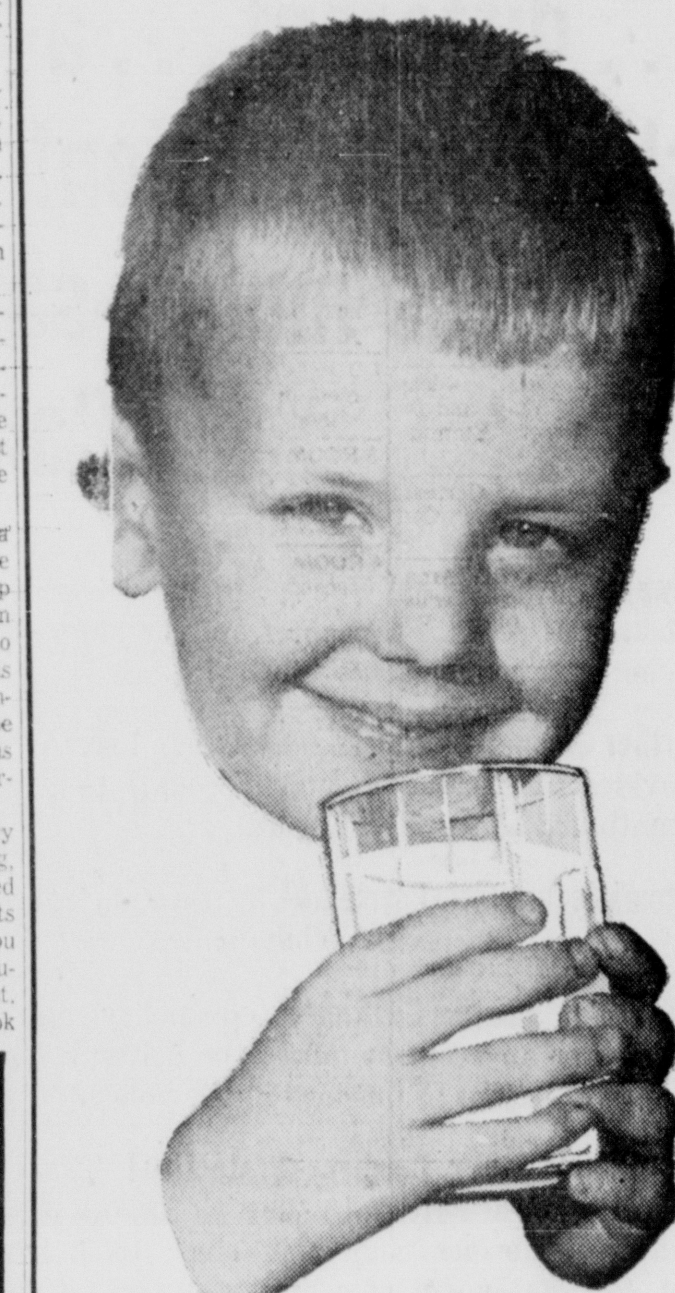

Really there is no excuse for a substandard performance. If the girls in times past could stand up to fashion rigors, surely we can make the grade. Not nearly so much is asked of us, and what is asked results in natural, healthful beauty. Too, science and the cosmetic arts have provided us with sure, painless ways to correct our flaws.

When you have a problem, only a small effort—a little dieting, exercise, posture work—is needed to bring great rewards. It puts you in step with fashion. You gain in health, vitality and beauty. Even your morale gets a boost. And a happy, confident outlook

is perhaps fashion's and beauty's reason for being. That, and the fact a lovely woman gives so much pleasure to others.

Let's not delay, but begin to overcome problems this very day!

BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—Remarks a door-to-door salesman gets tired of hearing:

"Whatever it is you're peddling, we got already."

"I can't understand whatever got into Prince. He's usually such a good-natured dog. He hasn't bitten anyone in ages and ages."

"Lock the screen door. Here comes another one."

"So what if you are trying to work your way through college, young man? I'm trying to keep my wife from spending our way into the poorhouse."

CREDIT CARDS?

"I might be interested in your proposition—that is, if you accept credit cards."

"What in the world would I want with an encyclopedia set? We already got a book—and if there's anything I don't know my wife is only too glad to set me straight."

"If the supermarket gives trading stamps, why can't you?"

"You've been so patient listening to me tell about my operation for two hours that I'd be glad to buy a lipstick from you—but you don't have any in my shade."

"If you have any free samples, I'll try them out, and let you know next week for sure whether I want to buy the large economy size."

OWN REMEDY

"If this foot powder is so good for tired, sore and aching feet, just tell me one thing: Why are you limping?"

"This article looks interesting. Wait while I read it clear through and if I like it I'll take a six-month subscription to the magazine—maybe."

"Sit down and rest your tootsies any boy. This is my day off. What are you selling? You are? Well, my line is life insurance. Now, have you ever considered that if you just—"

YOU GOT TROUBLES

"My husband just phoned and said he'd be home late, the baby is crying with the mumps, my dishwasher has sprung a leak, the car ran up a tree and can't get down—and now you knock on the door and try to sell me a new skin cream to make my complexion more lovely! What I want is something that will help a housewife keep her sanity. Have you got a jar of that?"

ENDING ROUTINES. Write me: A Lovelier You, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a stamped, self-addressed envelope and five cents in coin to cover handling.

Purchase Printing Firm From Horn Co.

CLEVELAND (AP) — General Manifold Printing Co. of Franklin, Pa., has purchased Horn Ohio Co., lithography and rapid mail house here, for an undisclosed price.

Horn Ohio will operate as a subsidiary of General Manifold, an old-line letterpress printing firm which has annual sales of about \$1.5 million. Sales of Horn Ohio are about \$1 million annually.

Charles D. Horn will continue as president of the Cleveland firm. The company said its 100 employees also would be retained.

the light into the bag.

One of the reasons I held the bag before the candle so earnestly and so long was that I had read in nature study books there was a bird called the snipe. I was willing to believe, although I hadn't met one in Missouri.

As I held the empty bag in the lonely dark with the night gathering in my heart, I knew I would never believe as much as I had before.

But in the years since then I have gone a bit farther. There is a snipe. There was a snipe then.

And I have been where the snipe flies.
